Storm Tactics Lin Pardey, Larry Pardey, 2002-08 Lin and Larry Pardey demonstrate methods to help you bring your boat and crew safely through storms Join them near South Africa s Cape of Storms to watch a live demonstration of setting and retrieving a para anchor then sail on board Taleisin during Lin Larry s rounding of Cape Horn with storm sails in action in 70 knot winds They demonstrate technical details of storm tactics for both modern and classic boats Learn how to prepare your crew and boat to eliminate fear and face heavy weather with a plan Learn how and when to use the sailor s safety valve heaving to with or without a para anchor They also discuss gear and equipment plus special sails for heavy weather

Heavy Weather Sailing 7th edition Peter Bruce, 2016-06-16 For 50 years Heavy Weather Sailing has been regarded as the ultimate international authority on surviving storms at sea aboard sailing and motor vessels The first edition was compiled by Kaines Adlard Coles himself in 1967 Since then technology may have improved but the weather certainly hasn t This is the seventh updated edition edited by racing yachtsman Peter Bruce ensuring that in its 50th year the book remains as relevant and as essential as it has been for the previous five decades The book brings together a wealth of expert advice from many of the great sailors of the present including fresh accounts of yachts overtaken by extreme weather from Ewan Southby Tailyour Alex Whitworth and Peter Cook to Larry and Lin Pardey It also includes a new Foreword by Sir Robin Knox Johnston Britain s most high profile yachtsman of the past 50 years The expert advice section has been updated in line with current thinking and there has been a major update to the chapter focusing on the use of storm sails as well as to the use of drag devices The technique of taking refuge has been reviewed and updated and the chapters dealing with preparations for heavy weather and its effect on yacht design have been overhauled These revisions ensure that Heavy Weather Sailing is as relevant useful and instructive for today s sailor venturing offshore as it ever was perhaps more so in the light of tragic disasters like the loss of the Cheeky Raffiki mid Atlantic on a delivery trip

The Capable Cruiser Lin and Larry Pardey,2010-06-08 Lin and Larry Pardey have now been cruising on board their own boats racing delivering and repairing other people s boats for more than 44 years After west to east and east to west circumnavigations and voyages to more than 75 countries they have a breadth of knowledge that few other boating authors possess Most of the voyaging has been done on an earn as you go budget that could be well within the reach of the majority of those whose dream is to set sail Their motto Go small go simple but go now The Pardeys strengths are neatly symbolized by the boats they have built Each one is romantically traditional with swooping sheerlines and is completely dependent on the wind And yet each boat carries the best strongest and most seamanlike gear Like their vessels the Pardeys writings are founded on a marriage of the spirit of romantic adventure and the practical up to date seamanship that keeps them and their boats safe This revised and expanded third edition of a cruising classic includes 10 completely new chapters with such advice as sixteen ways to encourage your lover partner to share your dream strategies for turning sudden engine failure into a minor incident choosing safety equipment repairing rigging at sea All of the original chapters have been updated to ensure that the information will be helpful for everyone who dreams of cruising whether now or soon The Capable Cruiser is a logical extension of the Pardeys The Self Sufficient Sailor with more emphasis on seamanship underway including careful analysis of extreme anchoring situations and solutions for mitigating them Underlying each and every chapter is the warmth and encouragement that spurred Herb McCormick former editor of Cruising World magazine to label Lin and Larry Pardey the enablers
