Working In English:

Engaging with Work in English Studies Alastair Henry, Åke Persson, 2021-06-25 This edited book focuses on practices of work in late modern society taking an issue based and interdisciplinary approach to English Studies which acknowledges the impact of globalization on the position of English in the daily existence of millions of people around the world Envisioning English as a diverse yet unified subject where the study of literature language and education can be pursued thematically it constitutes part of an ongoing transformation and revitalization of English Studies It will be of interest to readers with backgrounds in linguistics literature and education as well as fields normally seen as lying beyond English Studies such as psychology sociology philosophy urban studies political science and childhood studies *Masculinity and the English Working Class* Ying Lee, 2016-05-06 This book examines representations of working class masculine subjectivity in Victorian autobiography and fiction In it Ying focuses on ideas of domesticity and the male body and demonstrates that working class masculinities differ substantially from those of the widely studied upper classes The book also maps the relationship between two trends the early nineteenth century efflorescence of published working class autobiographies in which working men construct their identities for a broad readership and a contemporaneous surge of public interest in the lower orders that finds reflection in the depiction of working class characters in popular novels by middle class authors The book mimics this point of convergence by pairing three working class autobiographies with three middle class novels Each chapter focuses on a particular type of work domestic service manual not artisanal labour and literary labour and the opportunities it offers for social advancement Ying considers the specific ways in which classed and gendered consciousness emerges autobiographically and its significance in the writing of working class subjectivity for public consumption Then mainstream novels by Charles Dickens Elizabeth Gaskell and Charles Kingsley are re read from the perspective of these autobiographical pressure points *A Working Grammar of the English Language* James Champlin Fernald, 1910 *Forewords to Daniel Defoe's hitherto unpublished work The Compleat English Gentleman* Karl D.
