Ayurveda Kapha is characterized by Earth and Water elements making it the heaviest and most stable of the three doshas. In the body, Kapha is liable for solidity and all structures as well as the right volume of body fluids. It regulates the weight, growth, lubrication of the joints and lungs, and the creation of all seven tissues: nutrient fluids, blood, muscles, bones, marrow, and reproductive tissue. Protection is the primary feature of Kapha. Kapha types are calm, rooted, and genuine when they are in harmony. If Kaphas get out of balance, they binge eat and under exercise, triggering weight gain and diabetes. Stubbornness and commitment can become a matter for the emotional body. The unbalanced Kapha skin exhibits heavy oiliness, inflammation, cystic acne, blackheads, and large pores. In this book, we'll dive deeper into what Kapha means, what throws Kapha out of balance, and how to identify the Kapha Dosha in your environment, in yourself, and in others. With this book, I'm going to share with you everything you need to know in order to balance Kapha Dosha and use it for your overall vitality, joy, and well-being. Within These Pages, You'll Dive Deep into the essence of Kapha Dosha and its distinctive qualities. Explore the various subdoshas that contribute to your constitution.
