The 5x questions checklist for an effective hybrid workplace model

01 *What do people want?*

As mentioned above, a successful hybrid work strategy and hybrid workspace model can only work if it's designed for the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs and expectations of the people who will be using the space, and what will be best for them too.

The way to build a hybrid work model is to start with the people, not the technology, and address the most common challenges faced by your team.

Have you thought about how you could deliver a personalized employee experience? How will you support the operational flow when all you want the employees to do?

Are decisions not for made by...
After work, the most pressing...
If you had there's...
