Social Deviance:

Social Deviance Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior

Social Deviance Stuart Henry, 2009-10-05 This engaging introduction explores the meaning of social deviance in contemporary society from criminal activity to alternative lifestyle choices Stuart Henry traces the path by which we create deviance how we single out behavior and appearances that differ from the norm label them as offensive or unacceptable and condemn them It explains what kinds of behaviors are banned and who bans them as well as exposing the important political influences on the social codes that lead to some people's behavior being sanctioned and others being celebrated Ultimately Social Deviance reveals the underlying process by which some people get sucked into deviant lifestyles from which there appears to be no escape highlighting the central role of social stigma on a person's identity At its core this book looks at who becomes deviant and why It delves into the multiple motives that cause rule breakers to behave badly at least in the eyes of those they offend and it
