**Psycho-social Explorations of Trauma, Exclusion and Violence** Christopher Scanlon, John Adlam, 2022-01-06 The central theme of this book is the operation of intersecting discourses of power privilege and positioning as they are revealed in fraught encounters between in groups and out groups in our deeply fractured world The authors offer a unique perspective on inter group dynamics and structural violence at local societal cultural and global levels dissecting processes of toxic othering and psychosocial re traumatisation The book offers the Diogenes Paradigm as a unique conceptual tool with which to analyse the ways in which those of us who come to be located outside or on the margins of dominant social structures are in one way or another the inheritors of the legacies of centuries of oppression and exclusion This analysis offers a distinctive psycho social redefinition of trauma that foregrounds the relationship between the inhospitable environments we generate and the experiences of unhousedness that we thereby perpetuate Written in an engaging and accessible style Psycho social Explorations of Trauma Exclusion and Violence directly addresses pressing global issues of racial trauma human mobility and climate disaster and offers a manifesto for the creative re imagining of the places and spaces in which conversations about restructuring and reparation can become sustainable This is an essential and compelling book for anyone committed to social justice especially for all practitioners working in health social care and community justice settings and researchers and academics across the behavioural and social sciences
