Social Work Introducing Professional Practice:

Social Work Patricia Higham, 2006-02-14 Comprehensive and user friendly The book is helpfully constructed around a number of key themes starting with a good attempt to define social work from historical and international perspectives and moving on to address key issues concerning the practice knowledge values and skills required from contemporary social work in the UK I believe social work students newly qualified and experienced social workers will find this a valuable resource especially when one is confronted by challenges in practice Professional Social Work Social Work is a good overview that should refresh learner and tutor alike Practice assessors may find this book a useful update for their work with students and also a neat refresher It is a well written and up to date text with a good sense of where future challenges lie for the social work profession in the UK Higham is confident enough to voice the profession's uncertainties as well as mapping the changing organisational landscape that social workers might populate This book is likely to appear on many social work reading lists It has the potential to provide good learning opportunities for post qualifying as well as pre qualifying training Health and Social Care in the Community The unique aspect of this book which distinguishes it from other competitors is that it is constructed explicitly around the key roles and benchmark statements this book will offer something new and interesting to the growing field of social work education literature and is likely to be relevant to both students and practitioners in the UK and elsewhere Dr Caroline Skehill Queens University Belfast What is the role of social work What does it mean to be a social worker What are the changes affecting social work training Social Work Introducing Professional Practice addresses these questions and provides an understanding of the knowledge values and skills requirements of professional social work The author has played a key role in constructing the subject benchmarks for the social work degree and offers a reflective and thoughtful commentary upon training education and practice Written in a lively and readable style the book captures the essence of the changes sweeping through social work and engages the reader in these debates Key features of this book include Comprehensive content structured around the guidelines for training and practice Bridges the gap between theory and real life practice Student friendly features such as case studies discussion questions further reading and a glossary This exciting publication will be a core textbook for trainee social workers as they progress through the qualifying social work degree or as they begin their practice as newly qualified workers seeking to consolidate their learning [Introduction to Competence-Based Social Work](#) Michael E. Sherr, Johnny M. Jones, 2019-08-15 Social work is rooted in the values of service social justice and strong interpersonal relationships but as the profession evolves so must the approach to education Michael E Sherr and Johnny M Jones have created an introductory textbook written for the future of social work The second edition integrates the knowledge of practice policy research HBSE and field work with the skills and practice behaviors necessary for students to become fully competent social workers by the time they graduate Students are introduced to social work through a Why We Do What We Do model that emphasizes how and why social workers commit to their careers 41 case

vignettes 16 of which are new engage students and present a clear picture of the profession to help them become invested in enhancing and restoring the well being of individuals groups and communities Visit www.oup.com for student and instructor resources

Social Work Assessment Ruben Martin,2010-05-11 At a time of change and review within social care it is relevant to explore traditional skills knowledge and values associated with assessment in the context of changing practice This book introduces and explores assessment in social work in a user friendly yet comprehensive way The author reviews the interpersonal skills necessary for social work practice applying them particularly to assessment and outlines fundamental knowledge and theoretical models that can inform assessment The professional social work value base underpinning assessment and the power balance between assessor and the person being assessed are also taken into consideration

Social Work: Themes, Issues and Critical Debates Robert Adams,Lena Dominelli,Malcolm Payne,2017-09-16 Social Work Themes Issues and Critical Debates one of the most respected and widely used textbooks in social work has now been completely revised and updated With its accessible and clearly structured framework the book offers expert discussion of the core topics in social work by top writers teachers and practitioners in the field It provides an essential grounding in the debates that shape the profession as well as a clear insight into the issues at the heart of practice What makes this highly regarded and bestselling book stand out from other texts Its range authority and theoretical integrity Its clear and effective structure which reflects major shifts in teaching and makes it easy to use across modules The importance it lays on practice based learning and on developing core practice skills such as communication assessment and intervention Its value as a springboard to further reading including extensive guidance on further print and electronic sources Its compact size perfect for readers who are travelling between campus and practice settings This is one of three interrelated books edited by the internationally renowned and widely published team Robert Adams Lena Dominelli and Malcolm Payne The companion books are *Critical Practice in Social Work* second edition and *Practising Social Work in a Complex World* Each book can be used alone or in combination with the other two as a uniquely flexible and comprehensive programme of study

Social Work Vivienne E. Cree,Trish McCulloch,2023-04-04 Building on the successful 1st edition this reader brings together some of the most significant ideas that have informed social work practice over the last fifty years At the same time as presenting these foundational extracts the book includes commentaries that allow the reader to understand the selected extracts on their own terms as well as to be aware of their relations to each other and to the wider social work context There is no settled view or easy consensus about what social work is and should be and the ideas reflected in this volume are themselves diverse and complex The world of social work has changed greatly over the last ten years and this new edition reflects that change with new material on the decolonisation of social work knowledges the greater emphasis on inter disciplinarity and co production and the new concern for identities With an accessible introduction to contextualise the selections the book is divided into three main sections each presenting key texts drawn from a wide range of perspectives

psychological sociological philosophical educational and political as well as perspectives that are grounded in the experiences of practitioners and those who use services which have contributed to the development of the profession of social work knowledge and values for social work and practice in social work By providing students and practitioners with an easy way into reading first hand some of the most interesting foundational texts of the subject it will be required reading for all undergraduate and postgraduate programmes and professionals undertaking post qualifying training

The Essential Social Worker Martin Davies,1994 *Literature Reviews in Social Work* Robin Kiteley,Christine Stogdon,2013-11-14 This book will provide you with a clear and accessible guide to the process of conducting a literature review giving you the skills confidence and knowledge required to produce your own successful review Drawing on their wealth of teaching experience the authors outline best practice in Choosing your topic Effective search strategies Taking notes Organising your material Accurate referencing Managing the process of writing your literature review Enhancing evidence based practice Trying to complete a literature review research project or dissertation as part of your social work degree This book will prove the perfect companion Robin Kiteley is Lecturer at the University of Huddersfield Chris Stogdon is a social work educator and practitioner

Social Work Patricia Higham,2006-03-23 Comprehensive and user friendly The book is helpfully constructed around a number of key themes starting with a good attempt to define social work from historical and international perspectives and moving on to address key issues concerning the practice knowledge values and skills required from contemporary social work in the UK I believe social work students newly qualified and experienced social workers will find this a valuable resource especially when one is confronted by challenges in practice Professional Social Work Social Work is a good overview that should refresh learner and tutor alike Practice assessors may find this book a useful update for their work with students and also a neat refresher It is a well written and up to date text with a good sense of where future challenges lie for the social work profession in the UK Higham is confident enough to voice the profession s uncertainties as well as mapping the changing organisational landscape that social workers might populate This book is likely to appear on many social work reading lists It has the potential to provide good learning opportunities for post qualifying as well as pre qualifying training Health and Social Care in the Community The unique aspect of this book which distinguishes it from other competitors is that it is constructed explicitly around the key roles and benchmark statements this book will offer something new and interesting to the growing field of social work education literature and is likely to be relevant to both students and practitioners in the UK and elsewhere Dr Caroline Skehill Queens University Belfast What is the role of social work What does it mean to be a social worker What are the changes affecting social work training Social Work Introducing Professional Practice addresses these questions and provides an understanding of the knowledge values and skills requirements of professional social work The author has played a key role in constructing the subject benchmarks for the social work degree and offers a reflective and thoughtful commentary upon training education and practice Written in a lively and readable style

the book captures the essence of the changes sweeping through social work and engages the reader in these debates Key features of this book include Comprehensive content structured around the guidelines for training and practice Bridges the gap between theory and real life practice Student friendly features such as case studies discussion questions further reading and a glossary This exciting publication will be a core textbook for trainee social workers as they progress through the qualifying social work degree or as they begin their practice as newly qualified workers seeking to consolidate their learning

Social Policy for Social Work Lorraine Green, Karen Clarke, 2016-03-31 Contemporary social work cannot be understood without an appreciation of the broader context of social policy in which it takes place Such an understanding is increasingly important as social workers are expected to work across institutional professional and even national boundaries in new ways profoundly affected by the changing global context This insightful book examines how shifts in the dominant political ideology have affected the nature of welfare provision the kinds of social problems addressed by policy and the balance of responsibilities for well being between individuals the family voluntary organizations the market and the state It explains the impact of these developments on the organization of social work and on relationships between social workers and service users The book discusses contested concepts central to social work such as justice liberty equality difference need and risk and illustrates these through a range of examples The critical analysis provided in this book offers students of social work a crucial foundation for negotiating difficult and sensitive practice situations and defending their profession providing them with the tools and knowledge to uphold key professional values

Standards for the Professional Practice of Social Work American Association of Social Workers, 1951 [Key Concepts in Anti-Discriminatory Social Work](#) Toyin Okitikpi, Cathy Aymer, 2009-11-19 This is a key text that provides a well rounded introduction to anti discriminatory social work placing this underpinning concept within the context of theory methods policy legislation and skills It will be of immense value to students practitioners and service users An excellent book John MacDonough London South Bank University Addressing both the ideas underpinning anti discriminatory practice and more practice oriented approaches this is an accessible book which will be of benefit to social work students and practitioners Amanda Thorpe University of Bedfordshire This Key Concepts clearly and concisely explains the basic ideas in the field of anti discriminatory social work It Explores the range of discriminations that people experience and discusses a number of theories that inform Anti discriminatory practice Considers the legal frameworks within which anti discriminatory practice operates Analyses the skills and knowledge required to practice effectively Highlights the dynamic nature of anti discriminatory practice and points the way towards a new practice dimension Provides an essential reference guide for all social work students and practitioners as well as those taking courses in teacher training youth and community nursing mid wifery and mental health studies for whom anti discriminatory practice is an important element in their study *Introduction to Social Work, Fourth Edition* Ira Colby, Sophia F. Dziegielewska, 2015-06 There are certain questions that all students considering social work ask Who are

social workers What is it that social workers do How is the social work profession changing What does it take to become a social worker Ira Colby and Sophia Dziegielewski bring their decades of experience in social work practice and education to answer these questions This engaging text gives readers a practical guide to the many ways in which social workers effect change in their communities and the world The authors offer an overview and history of the profession introduce readers to the practice of social work at the micro mezzo and macro level and finally look closely at the many settings and populations that social workers work with While realistically portraying the pressures and obstacles that social workers face Colby and Dziegielewski communicate their own passion for social work

Introduction to Social Work and Social Welfare Mary Wirtz Macht, José B. Ashford, 1991

Introducing Social Work Jonathan Parker, 2023-04-05 Everything you need to succeed in your social work degree Written by subject experts this essential guide will introduce you to all the core areas of your course helping you develop the knowledge and skills you need to practice with confidence Since launching in 2003 Transforming Social Work Practice has become the market leading series for social work students These books use activities and case studies to build critical thinking and reflection skills and will help social work students to develop good practice through learning These books are Affordable Written to the Professional Capabilities Framework Mapped to the social work curriculum Practical with clear links between theory and practice

Annual Conference Proceedings, 1967

Introduction to Social Work Rex Austin Skidmore, Milton G. Thackeray, 1997 B Providing a broad overview of the field and profession of social work this book stresses the link between professional education and practice It offers both a historical perspective on the development of social work and current social work practice paradigms with special consideration of current social problems The introductory theoretical base of the text highlights the trend toward the generalist perspective and model of practice Part I provides a historical and theoretical context for social work including its relationship to other social services Part II discusses social work practice with individuals groups and communities including case work administration and research Social work services are discussed in Part III including the role of social work in mental health health care the public schools public welfare child and family services Social Security the correctional system the workplace and working with the aged Areas receiving special attention include drug abuse work with minorities and social work in rural areas Part IV covers professional development including the current focus on prevention and future opportunities For anyone considering social work as a profession or interested in a current overview of the field

Introduction to Social Welfare Walter A. Friedlander, Robert Z. Apte, 1974

Introduction to Social Work Lisa E. Cox, Carolyn J. Tice, Dennis D. Long, 2021-08-30 The award winning Introduction to Social Work An Advocacy Based Profession takes students on an exploration of what social work is what it was historically and how to be an effective advocate as a social worker moving forward Built on a unique advocacy practice and policy model comprised of four components economic and social justice a supportive environment human needs and rights and political access the book

provides a crucial lens for viewing today's social issues. Best-selling authors Lisa E. Cox, Carolyn J. Tice, and Dennis D. Long emphasize advocacy throughout all sectors of social work with a focus on environmental, international, and military social work. The Third Edition closely aligns with the latest Educational Policy and Accreditation Standards (EPAS) from the Council on Social Work Education (CSWE), references the 2018 Code of Ethics from the National Association of Social Workers (NASW), and includes profound discussions of societal impacts on areas of public health policy, juvenile justice, race inequality, social movements, and self-care. This title is accompanied by a complete teaching and learning package. [An Introduction to Social Work Education](#) John S. Wodarski, 1986 *Introduction to the Drama of Social Work* Martin Bloom, 1990
