

Passage 1

Passage 2

This brief essay by author and college professor Charles Augustus Eggert was published in California in 1913 as part of the collection *Why I Am Opposed to Socialism: Original Papers by Leading Men and Women*. *Socialism*<sup>1</sup> was a popular and controversial theory at that time, four years before the Russian Revolution. No government had yet tried to put the theory of socialism into practice.

### Why I Am Opposed to Socialism

by Charles Augustus Eggert

I am opposed to Socialism, first, because it is not an inductively obtained system, but an "ism" that postulates qualities in the individuality of a nation which no nation, or community even, has yet developed to a sufficiently high state to make this "ism" fit to be seriously tried.

In **Passage 1**, which criticism does Eggert apply to socialist reasoning?

It treats people as motivated primarily by financial considerations.

It is based on abstract ideas rather than history and experience.

It places more value on strong management than on cooperation.

It assumes that all nations are alike and without distinctive cultures.
