Teaching As A Subversive Activity:

Teaching As a Subversive Activity Neil Postman, 2009-11-18 A no holds barred assault on outdated teaching methods with dramatic and practical proposals on how education can be made relevant to today's world Praise for Teaching As a Subversive Activity A healthy dose of Postman and Weingartner is a good thing if they make even a dent in the pious American classroom the book will be worthwhile New York Times Book Review Teaching and knowledge are subversive in that they necessarily substitute awareness for guesswork and knowledge for experience Experience is no use in the world of Apollo 8 It is simply necessary to know However it is also necessary to know the effect of Apollo 8 in creating a new Global Theatre in which student and teacher alike are looking for roles Postman and Weingartner make excellent theatrical producers in the new Global Theatre Marshall McLuhan It will take courage to read this book but those who are asking honest questions what's wrong with the worlds in which we live how do we build communication bridges cross the Generation Gap what do they want from us these people will squirm in the discovery that the answers are really within themselves Saturday Review Neil Postman and Charles Weingartner go beyond the now familiar indictments of American education to propose basic ways of liberating both teachers and students from becoming personnel rather than people the authors have created what may become a primer of the new education Their book is intended for anyone teacher or not who is concerned with sanity and survival in a world of precipitously rapid change and it's worth your reading Playboy This challenging liberating book can unlock not only teachers but anyone for whom language and learning are not dead Nat Hentoff *Teaching as a Subversive Activity* Neil Postman, Charles Weingartner, 1987 Teaching as a Subversive Activity, 1969 Teaching as a Subversive Activity, 1971 **Georgetown University Round Table on Languages and**

Linguistics (GURT) 1994: Educational Linguistics, Cross-Cultural Communication, and Global Interdependence

James E. Alatis, 1995-03-03 The essays in this volume explore communication across cultures using an interdisciplinary approach to language teaching and learning mediated by the growing field of educational linguistics Topics include the use of English as a medium of wider communication and the growth of national varieties of English throughout the world An international array of distinguished contributors includes scholars from China Great Britain Hong Kong India Israel Nigeria Singapore Taiwan Ukraine and the United States This collection suggests that language diversity is a unifying force in a globally interdependent world **Acts of Resistance** Jeanne Dyches, Brandon Sams, Ashley S. Boyd, 2020-02-06 In 1969 Neil Postman and Charles Weingartner published *Teaching as a Subversive Activity* Subversive teaching today however looks very different than it did in 1969 Teachers today must deliver their instruction in an era of formidable challenges related to curriculum educational policy and cultural and political ideology Students learn in an environment that includes active shooter drills and increasingly violent public policy that assaults immigrants people of Color women and the LGBTQIA community A robust public education is needed now more than ever though the resources to provide it dwindle daily Acts of

Resistance Subversive Teaching in the English Language Arts ELA Classroom showcases examples of subversive pedagogy to instruct and inspire teachers and to contextualize subversive ELA pedagogy in the contemporary educational moment Chapter authors in service teachers and teacher educators alike draw from case studies narrative inquiry and other qualitative methodologies to explain how they have variously taken up subversive pedagogy in the ELA classroom Because teachers and other stakeholders resist oppressive structures including disciplinary confinements when they teach from subversive viewpoints each chapter describes a disciplinary act of resistance that illuminates possibilities for countering uncritical traditional handling of ELA experiences Perfect for courses such as ELA Methods Literacy Methods Social Justice Critical Literacy Writing Literature Disciplinary Literacy Curriculum Theory Pedagogy ELA Professional Development Inservice Teachers

Critical Legal Education as a Subversive Activity Helen Gibbon, Ben Golder, Lucas Lixinski, Marina Nehme, Prue Vines, 2015-10-16 In an age when everyone aspires to teach critical thinking skills in the classroom what does it mean to be a subversive law teacher Who or what might a subversive law teacher seek to subvert the authority of the law the university their own authority as teachers perhaps Are law students ripe for subversion agents of or impediments to subversion Do they learn to ask critical questions Responding to the provocation in the classic book Teaching as a Subversive Activity by Postman and Weingartner the idea that teaching could or even should be subversive still holds true today and its premise is particularly relevant in the context of legal education We therefore draw on this classic book to discuss in the present volume the consideration of research into legal education as lifetime learning as creating meaning as transformative and as developing world changing thinking within the legal context The volume offers research into classroom experiences and theoretical and historical interrogations of what it means to teach law subversively Primarily aimed at legal educators and doctoral students in law planning careers as academics its insights speak directly to tensions in higher education more broadly
