are working amid reforms and sweeping cuts can implement these strategies immediately and make a real difference in children's lives. Get started today! This is a great book with which to start because it covers the basics, the foundation that needs to be in place before the academics can take hold for a student at risk. The ideas are easy to follow and could be implemented with little or, in some cases, no additional prep that's a bonus for an already busy teacher.

Educating Special Learners, Glen Phillip Cartwright, Carol A. Cartwright, Marjorie E. Ward, 1984

This text provides comprehensive treatment of major special education topics, giving students, especially non-majors, a firm foundation of knowledge and skills. The authors distinguish critical from peripheral material, giving students a solid background in the research, issues, instructional methods, types of learning disabilities, types of physical and mental handicaps, tools, and treatments in the field. The book features easy-to-read prose and informative illustrations.
