France,2004-04-20 The ordination of women has been one of the most pressing and passionately debated issues within the church in recent years In this volume based on the prestigious 1995 Didsbury Lectures R T France explores several important questions of biblical interpretation raised by the serious disagreements among Christians over the nature of women s ministry France primarily focuses on the issues as they are manifest in evangelical circles where appeal is made instinctively to the authority of Scripture He challenges readers to think through what it means to claim that our theology and practice are biblical His insightful arguments help Christians move beyond the seeming impasse over the role of women in church ministry A Complete Catechism of the Catholic Religion Joseph Deharbe,1919 The Collected Works of Edward Schillebeeckx Volume 2 Edward Schillebeeckx,2014-09-25 In effect Revelation and Theology is Schillebeeckx s general introduction to theology Its fifteen

chapters were originally published separately between 1954 and 1962 but the thematic collection offers a vivid picture of the theological renewal in the wake of World War II Schillebeeckx's erudition and broad scholarly orientation are clearly demonstrated in this volume Throughout there are pointers to the at that time new ecumenical approach to Scripture and tradition The problem concerning the function of the scholastic tradition is highlighted Although Schillebeeckx draws extensively on Thomas Aquinas's thinking this early work already shows that he is not a neo Thomist in the narrow sense of the word Unlike the single Dutch volume the English version was published in two volumes In the Collected works of Edward Schillebeeckx however here they are published together in the sequence that the author envisaged To Set One's Heart, 1983-01-01 This book uses belief information as an organizing center for the church's teaching ministry It offers five detailed models of teaching expressed in terms of how each contributes to the development of faith information processing group interaction indirect communication personal development and action reflection Each model includes concrete examples of how the method might be used in a church's educational program to further belief development To Set One's Heart provides both theory and practice combining the insights of theology education and socialization The result an in depth examination of religious belief teaching and intentionality **Teaching with Authority** Richard R.
