## **Teaching Mainstreamed Students:**

*Teaching Special Students in the Mainstream* Rena B. Lewis, Donald H. Doorlag, 1987      **Education for All** Robert E. Slavin, 1996-01-01 This work is a collection of previously published articles by Robert Slavin The articles trace the evolution over a quarter century of the powerful idea that given well developed rigorously evaluated methods and materials teachers can succeed with virtually all children      **Images of Mainstreaming** Clayton Keller, Robert Mcnergney, 2013-10-15 This work occupies a unique place amongst the array of books addressing the inclusion of students with disabilities in general education classrooms In contrast to the more prescriptive books on the market Images of Mainstreaming emphasizes the extensive use of case studies and the use of reflection on case studies to change teaching practices Its goal is to help preservice and practicing teachers and administrators examine the challenging issue of inclusion from the perspective of other teachers      Teaching Mainstreamed, Diverse, and At-risk Students in the General Education Classroom Sharon Vaughn, Candace S. Bos, Jeanne Shay Schumm, 1997 This book contains more than 40 specific learning activities and sample lessons for immediate practical application in the inclusive classroom This book emphasizes professional planning and collaboration and also features separate chapters on teaching culturally and linguistically diverse students and students at risk      Teaching Special Students in the Mainstream Rena B. Lewis, Donald H. Doorlag, 1983      *Mainstreaming Handicapped Students* Ann P. Turnbull, Jane B. Warger, Loviah E. Aldinger, Kathy A. Okun, Phi Delta Kappa. Educational Foundation, 1983-01-01 Because the issues of time numbers curriculum and evaluation seem to confound effective mainstreaming at the secondary school level they are the primary areas teachers must reassess in their own classrooms Suggestions are made in this monograph about ways in which regular classroom teachers may cope effectively with handicapped students A description is given of the characteristics of handicapped students frequently mainstreamed at the secondary level including the educable mentally retarded emotionally disturbed learning disabled sensory handicapped and physically disabled The teachers responsibilities in planning appropriate daily instruction and as members of the team that develops the Individualized Educational Plan are outlined Ways in which curriculum may be adapted for mainstreamed students are also suggested The problem of grading handicapped students is discussed with emphasis on ways in which evaluation criteria may be modified to fairly assess achievements It is pointed out that cooperation between the regular classroom teacher and the special education teacher is vital to successful mainstreaming JD      **Mainstream Or Special?** Josephine C. Jenkinson, 1997 The method of meeting the demands of special needs pupils in school is still much debated The way in which Australia the UK and Canada have dealt with this problem is

looked at in this book with all the major issues being examined
