**Understanding the Sacraments** Peter M. J. Stravinskis, 1997-01-01 Understanding the Sacraments is a popular

guide for prayer and study of all seven sacraments designed for use by individuals and groups Everyday anecdotes and examples enliven the text Questions for group discussion are appended *Sacraments. Reichert, Harcourt Religion Publishers, 1999 Course planning Lesson procedures Tests Teaching Sacraments to Youth Richard Reichert, 1975 Teaching the Sacraments: Penance, Eucharist, Confirmation Josef Goldbrunner, 1964

Powell, 2011 Are sacraments needed for salvation Do I need to be a church member to take communion Who can perform a baptism *Teaching Bodies* Mark D. Jordan, 2016-12-01 In *Teaching Bodies* leading scholar of Christian thought Mark D Jordan offers an original reading of the Summa of Theology of Thomas Aquinas Reading backward Jordan interprets the main parts of the Summa starting from the conclusion to reveal how Thomas teaches morals by directing attention to the way God teaches morals namely through embodied scenes the incarnation the gospels and the sacraments It is Thomas s confidence in bodily scenes of instruction that explains the often overlooked structure of the middle part of the Summa which begins and ends with Christian revisions of classical exhortations of the human body as a pathway to the best human life Among other things Jordan argues this explains Thomas s interest in the stages of law and the limits of virtue as the engine of human life Rather than offer a synthesis of Thomistic ethics Jordan insists that we read Thomas as theology to discover the unification of Christian wisdom in a pattern of ongoing moral formation Jordan supplements his close readings of the Summa with reflections on Thomas s place in the history of Christian moral teaching and thus his relevance for teaching and writing in the present What remains a puzzle is why Thomas chose to stage this incarnational moral teaching within the then new genres of university disputation the genres we think of as Scholastic Yet here again the structure of the Summa provides an answer In Jordan s deft analysis Thomas s minimalist refusal to tell a new story except by juxtaposing selections from inherited philosophical and theological traditions is his way of opening room for God s continuing narration in the development of the human soul The task of writing theology as Thomas understands it is to open a path through the inherited languages of classical thought so that divine pedagogy can

have its effect on the reader As such the task of the Summa in Mark Jordan s hands is a crucial and powerful way to articulate Christian morals today

**Christian Sacraments in a Postmodern World** Kenan B. Osborne,1999 Christian Sacraments in a Postmodern World offers a fresh perspective on the sacramental event by bringing together two generally unrelated subjects in a new way sacramental theology and postmodern philosophical thought Osborne shows in an innovative way how these two factors of third millennium life can be positively united to encourage powerful new thinking on the ways we Christians not only theorize about sacraments but also live sacraments Using a key section on sacraments from the Catechism of the Catholic Church and by employing foundational concepts of postmodern philosophy and several issues from medieval Franciscan philosophy the author develops a distinctly different approach to sacrament events Here is a visionary thoughtful work by a major theologian writer and educator It is sure to stir thinking and discussion among theologians philosophers liturgists and religious educators

The Sacraments Michael T. Greene,2012-01-01 The Sacraments provides an opportunity to encounter Christ in a full and real way The focus of this course is to help the students to learn about the Seven Sacraments especially the Eucharist to enable them to more fully participate in them The course also explores the history scriptural foundation and current practices of the sacraments The Living in Christ Series Makes the most of the wisdom and experience of Catholic high school teachers as they empower and guide students to participate in their own learning Engages students intellect and responds to their natural desire to know God Encourages faith in action through carefully crafted learning objectives lessons activities active learning and summative projects that address multiple learning styles What you will find Each Living in Christ student book is developed in line with the U S Bishops High School Curriculum Framework and provides key doctrine essential to the course in a clear and accessible way making it relevant to the students and how they live their lives Each Living in Christ teacher guide carefully crafts the lessons based on the key principles of Understanding by Design to guide the students understanding of key concepts Living in Christ offers an innovative online learning environment featuring flexible and customizable resources to enrich and empower the teacher to respond to the diverse learning needs of the students The Living in Christ series is available to you in traditional full color text and in digital textbook format offering you options to meet your preferences and needs

*Sacramental Guidelines* Kenan B. Osborne,1995 Sacramental Guidelines is an indispensable tool for religious education teachers Parents and pastors will appreciate its straightforward overview of the sacraments and how they function in our faith as the heart of our Catholic belief and the soul of our spirituality

**A five years' course of Bible and Prayer book teaching. Lessons for the first (-fourth) year. Lessons for the first (-third) year** ,1903

**Sacramental Theology** Herbert Vorgrimler,1992 Both resistance to and renewed interest in the sacraments mark current theological thought This work acknowledges human limitations of the sacraments but stresses that God s relationship to human beings cannot be other than sacramental Sacramental structures and events constitute salvation history and thus permeate all theology What makes this sacramental view comprehensible is

faith is an indispensable precondition for a sacramental theology Therefore the author first demonstrates the preconditions of faith on which sacramental theology rests and what place it holds within the whole of theology Following this he briefly presents the concept of sacraments and the history of that concept the teachings of Church tradition on sacraments in general and the basic features of a sacramental theology Next he explains from a theological perspective the traditional sacraments of the Catholic Church including related topics such as indulgences and sacramentals *Theology of the Sacraments* Pierre Pourrat,1910 **The errors of Protestantism, or, Catholic & Protestant teaching contrasted** John Matthew Hallam,1905 **The Doctrine of the Sacraments in Relation to the Doctrines of Grace, as Contained in the Scriptures, Taught in Our Formularies, and Upheld by Our Reformers ...
