The *Journal of American Studies* contributes to the critical review on methods, theories, approaches, and subjects in classical scholarship, which currently seems to be awkwardly divided between traditional perspectives and cultural turns. The journal brings together scholars, writers, essayists, artists, and all kinds of agents in the culture industry to get a better understanding of how antiquity constitutes a part of today's culture and transforms our present. The journal appears twice yearly and publishes regular issues as well as specially themed and guest edited issues focused on individual subjects and questions.
