Wider Perspectives On Global Development:

Wider Perspectives on Global Development UNU-WIDER,2005-09-08 This volume brings together some of the most influential scholars in development economics to explore how to improve the well being of the poor how to design effective structures and institutions for poverty reduction and what the role of economic political and social dimensions are and should be in global development Issues addressed include globalization both its governance and a historical perspective inequality of income and the potential for conflict trade and labour practises in a transitional and developing world and the natures and characteristics of institutions and markets

Wider Perspectives on Global Development ,2005 This volume brings together some of the most influential scholars in development economics to explore how to improve the well being of the poor how to design effective structures and institutions for poverty reduction and what the role of economic political and social dimensions are and should be in global development Issues addressed include globalization both its governance and a historical perspective inequality of income and the potential for conflict trade and labor practices in a transitional and developing world and the natures and characteristics of institutions and markets Publisher *Wider Perspectives on Global Development* UNU-WIDER,2005-09-09 This volume brings together some of the most influential scholars in development economics to explore how to improve the well being of the poor how to design effective structures and institutions for poverty reduction and what the role of economic political and social dimensions are and should be in global development Issues addressed include globalization both its governance and a historical perspective inequality of income and the potential for conflict trade and labour practises in a transitional and developing world and the natures and characteristics of institutions and markets

International Development and the Washington Consensus John Marangos,2020-07-16 In this book John Marangos offers an insightful analytical and theoretical review of the Washington Consensus and its successors among the mainstream Following an intuitive structure it explores international development and the Washington Consensus as a critique through the lenses of Neoclassical economics Post Keynesian economics Institutional economics and Marxist economics Ultimately it provides a compelling alternative perspective to the dominant development paradigm and enables readers to identify the interconnections interrelationships and intercontradictions between different frameworks and policies It will be a valuable supplementary reading for students researchers and policymakers in international development development economics heterodox economics and the history of economic thought *The Impact of Globalization on the World's Poor* M. Nissanke,E. Thorbecke,2007-01-05 This book examines the various channels and transmission mechanisms such as greater openness to trade and foreign investment economic growth effects on income distribution technology transfer and labour migration through which the process of globalization affects different dimensions of poverty in the developing world

Advancing Development G. Mavrotas,A. Shorrocks,2007-01-05 This book reflects on current thinking in development economics and on what may happen over the next two decades As well as studying development economics in

retrospect the volume explores the current debates and challenges and looks forward at the problems that affect the global capacity to achieve the Millennium Development Goals

Promoting Young People's Wellbeing through Empowerment and Agency Lucy Maynard, Karen Stuart, 2017-09-08 The terms wellbeing empowerment and agency are common parlance in policy and practice with children young people and families CYPF yet are often misused or not fully understood Further there is a disconnect between these abstract concepts and tangible practice with CYPF This book bridges the theory practice divide offering a clear and definitive guide to concepts and practical ways to develop CYPF wellbeing It examines the concept of wellbeing and its intrinsic relationship to social justice both theoretically and through case study material and locates these practices within critical pedagogy The book highlights a range of practice with CYPF of various ages in formal and non formal learning situations engaged in a range of different programmes including learning reduction from offending social action and tackling targeted needs Each chapter highlights relevant policy research and practice examples to ensure that the book is relevant to a variety of readers This book will benefit students and practitioners who work with young people to realise wellbeing and to embed critical pedagogy in their practice It also provides a frame of reference to critically engage in policy analysis and is essential reading for social workers teachers police support officers and anyone working to support CYPF to become empowered

International Organizations and Global Development Nicholas Ferns, Angela Villani, 2024-05-20 The third issue of the Yearbook on the History of Global Development aims at collecting contributions about the role of international organizations in shaping the global system of development throughout the twentieth and twenty first centuries International organizations both intergovernmental and NGOs have played a crucial role shaping the global system of development by setting agendas mobilizing people and framing ideas and practices regarding development on local national regional and global scales

Regional Development Dialogue, 2007 An international journal focusing on third world development problems

Global Health Governance Adrian Kay, Owain Williams, 2009-07-23 Scholars from a range of disciplines examine the pressing challenges of global health governance and the development of global health policy Adrian Kay from Griffith University Australia

Domestic Resource Mobilization and Financial Development George Mavrotas, 2008-03-27 This significant and timely volume offers crucial insights into the constantly evolving debate within the international development community regarding the mobilization of domestic resources and the role that financial development can and should play in this regard This book explores various aspects of the financial development domestic resource mobilization nexus including detailed case studies from Africa including Ethiopia Morocco and Zambia and Asia including China South Korea and Vietnam and applicable policy lessons The contributions from leading experts in the area of finance and development strike a fine balance between theory evidence and policy This book is an indispensable companion for professionals and policy makers engaged in reforms in this area and is also a useful reference source for students on undergraduate and graduate courses in development finance and economics

Poverty, Inequality, and Population D.

Jayaraj,S. Subramanian,2010-09-30 Addresses the ability to measure the categories of poverty inequality and population the role of measurement in social explanation and the philosophical bases of measurement related judgments **Finance India**,2008 **Collected Papers in Theoretical Economics** Kaushik Basu,2005 The subject of law and economics be it in the context of a nation state or the globalized world economy addresses a host of important policy questions However much of this analysis and practical policy discourse is founded in welfare economics and moral philosophy This third volume of Kaushik Basu s collected papers in theoretical economics brings these disciplines together This volume focuses on welfare economics law and economics and the making of global economic policy The volume covers abstract topics such as the content and scope of utilitarianism and the trade off between inter generational equity and the Pareto principle At the same time it addresses urgent contemporary concerns such as the possibility of common international labour standards elimination of child labour and the problem of growing inequality in today s globalized world Several papers address matters of direct concern to developing countries especially in the context of global policymaking *Financial Development, Institutions, Growth and Poverty Reduction* Basudeb Guha-Khasnobis,George Mavrotas,2008-04 This booke xplores country case studies and work that details the exact transmission mechanisms through which financial development can enhance pro poor development in order to derive best practices in this field This is an important companion for professionals and policymakers and also a vital reference source for students **Globalization and the Poor in Asia** Machiko Nissanke,Erik Thorbecke,2008-04-17 This title examines mechanisms at work in the globalization poverty nexus in Asia through case studies and analyzes how a more pro poor pattern of shared growth could be adopted *The Growth-poverty Nexus in Tanzania* Marc Wuyts,2008 **Africa** Karl Wohlmuth,2007 This volume analyses policy oriented papers development projections and proposals of how to overcome African countries dependence on a few primary commodities African countries state of commodity dependence their efforts to diversify exports and their vulnerability to crises conflicts and disasters are also discussed *Joyce in the Belly of the Big Truck; Workbook* Joyce A. Cascio,2005-05 *Transnational Higher Education in Asia and the Pacific Region* Futao Huang,2006 This volume is mainly concerned with transnational higher education in some selected countries in Asia and the Pacific region Compared with other parts of the world especially since the 1990s there has been a rapid development of transnational higher education in this area Issues concerning importing and exporting higher education activities or services have become one of the major debates in higher education reforms in many countries and regions at both policy and institutional levels In a major sense Asia and the Pacific region is the most important and active area in which transnational higher education has occurred Moreover policies and strategies concerning transnational higher education in many countries and areas in Asia and the Pacific region have recently gained increased attention and visibility Though there exists a vast diversity in the selected countries and regions this volume has been designed to address four of the shared major research questions First what is the context rationale or driving force for development of

transnational higher education in each of the individual case studies Second what policies or regulations if any concerning transnational higher education exist in the selected countries And if there are any what are they Third what are the current circumstances issues characteristics and general trends of transnational higher education in these case studies Finally what outcomes or effects have been brought about by developments in transnational higher education These eight case studies were selected so as to provide a variety of examples of development of transnational higher education in this region Author abstract ed

As recognized, adventure as well as experience practically lesson, amusement, as without difficulty as concord can be gotten by just checking out a book **Wider Perspectives On Global Development** afterward it is not directly done, you could receive even more approximately this life, just about the world.

We present you this proper as skillfully as easy mannerism to get those all. We allow Wider Perspectives On Global Development and numerous book collections from fictions to scientific research in any way. among them is this Wider Perspectives On Global Development that can be your partner.
