Coastal Environments in the West of Ireland John B. Roney, Mark Beekey, 2022-11-16 This multi authored study explores how the natural sciences and the humanities together can understand the connections between the natural environment the built environment and the cultural heritage of communities along the west coast of Ireland Knowledge of the sea and marine life and what they mean to humanity is dependent on both scientific study and local knowledge which in turn can lead to a greater commitment to sustainability Until the 1950s there was little government support for scientific research nor an interest in helping fisheries beyond near shore catch Irish fisheries remained small underfunded and had difficulty accessing international markets However as this book shows Ireland's cultural heritage demonstrates a deep appreciation for the coastal environment and a sense of place This is preserved in the Irish language in poetry story and music and in the

Scott, 2022-03-31 Late nineteenth century France was a nation undergoing an identity crisis the uncertain infancy of the Third Republic and shifting alliances in the wake of the Franco Prussian War forced France to interrogate the fundamental values and characteristics at the heart of its own national identity Music was central to this national self scrutiny It comes as little surprise to us that Oriental fears desires and anxieties should be a fundamental part of this but what has been overlooked to date is that Britain too provided a thinking space in the French musical world it was often surprisingly and paradoxically represented through many of the same racist terms and musical tropes as the Orient However at the same time its shared history with France and the explosions of colonial rivalry between the two nations introduced an ever present tension into this musical relationship This book sheds light on this forgotten musical sphere through a rich variety of contemporary sources It visits the caf concert and its tradition of Englishing up with fake hair mocking accents and unflattering dances it explores the reactions both musical and physical to British evangelical bands as they arrived in the streets of France and the colonies it considers the French reception of and fascination with folk music from Ireland and Scotland and it confronts the culture shock felt by French visitors to Britain as they witnessed British music making for the first time Throughout it examines the ways in which this music allowed French society to grapple with the uncertainty of late nineteenth century life providing ordinary French citizens with a means of understanding and interrogating both the Franco British relationship and French identity itself **Catalogue of the Public Library of the City of Detroit** Detroit Public Library, 1877 **Catalogue of the Library of the Boston Athenæum** Boston Athenæum, 1882 A History of England Charles Robert Leslie Fletcher, Rudyard Kipling, 1911 **Another 1000 Famous Horses** FJH Glover, 2022-11-13 This 2nd book is a continuation of the 1st book The index at the back of the book is brilliant The contents list at the front of the book is in alphabetical order and is a list of the horses names gives paragraph numbers Whereas the Index gives the Rider Owner in alphanumeric order and gives paragraph numbers So if you do not know the name of a persons horse you would look up the person in the Index and it would indicate the paragraph numbers to find the answer For instance Steptoe and Son would be under S in the Index and this would lead you to Hercules the strong man from Greek Mythology Or Toy Story 2 would lead you to Bullseye Books 3 and 4 are in the process of compiling it s a Never Ending Story **Early Modern England 1485-1714** Robert Bucholz, Newton Key, 2013-04-03 The second edition of this bestselling narrative history has been revised and expanded to reflect recent scholarship The book traces the transformation of England during the Tudor Stuart period from feudal European state to a constitutional monarchy and the wealthiest and most powerful nation on Earth Written by two leading scholars and experienced teachers of the subject
