Lesson Outline

Lesson Focus & Teamwork through STEM

Learning Objectives

- Pupils are learning
- to work cooperatively as part of a team
- to work cooperatively to find a solution to a problem
- to predict and test how different materials and building methods increase or decrease an object's buoyancy
- to analyse and add a creation in order to improve it, explaining how and why changes have been made

Activities

Introduction

- Split the children into groups of 3-4 and give each group an A4 piece of paper with the word 'teamwork' written in the centre
- Give groups five minutes to write down as many words or phrases they can think of associated with the concept of teamwork
- Ask each group for feedback and discuss how good teams can work together despite differences in opinions

Main Activity

- In the same groups, children complete a STEM challenge to design a boat that holds a particular object, e.g. a ball of modelling or a small toy
- Give each group some time to plan their boat design and allow them to choose from a variety of materials to create it. Encourage the children to consider the properties of the materials they choose and why they might be useful and how good teams

Support Shared Education

If you're not sure what to do with your group, try asking them to work in pairs or to form smaller groups.

If other groups don't seem to be working, try asking them to work in pairs or to form smaller groups.
