Thinking Fascism:

Thinking Fascism Erin G. Carlston, 1998 This book analyzes three works by sexually marginal women sometimes grouped as the Sapphic Modernists Djuna Barnes's *Nightwood* 1936 Marguerite Yourcenar's *Denier du r ve* 1934 and Virginia Woolf's *Three Guineas* 1938 that engage directly or indirectly with fascist politics and ideology

Philosophy of Antifascism

Devin Zane Shaw, 2020-06-11 On January 20th 2017 during an interview on the streets of Washington D C white nationalist Richard Spencer was punched by an anonymous antifascist The moment was caught on video and quickly went viral and soon punching Nazis was a topic of heated public debate How might this kind of militant action be conceived of or justified philosophically Can we find a deep commitment to antifascism in the history of philosophy Through the existentialism of Simone de Beauvoir with some reference to Fanon and Sartre this book identifies the philosophical reasons for the political action being enacted by contemporary antifascists In addition using the work of Jacques Rancière it argues that the alt right and the far right aren't a kind of politics at all but rather forms of parapolitical and paramilitary mobilization aimed at re-entrenching the power of the state and capital Devin Shaw argues that in order to resist fascist mobilization contemporary movements find a diversity of tactics more useful than principled nonviolence Antifascism must focus on the systemic causes of the re-emergence of fascism and thus must fight capital accumulation and the underlying white supremacism Providing new incisive interpretations of Beauvoir existentialism and Rancière he makes the case for organizing a broader militant movement against fascism

Fascist Mythologies Federico Finchelstein, 2022-07-05 For fascism myth was reality or was realer than the real Fascist notions of the leader the nation power and violence were steeped in mythic imagery and the fantasy of transcending history A mythologized primordial past would inspire the heroic overthrow of a debased present to achieve a violently redeemed future What is distinctive about fascist mythology and how does this aspect of fascism help explain its perils in the past and present Federico Finchelstein draws on a striking combination of thinkers Jorge Luis Borges Sigmund Freud and Carl Schmitt to consider fascism as a form of political mythmaking He shows that Borges's literary and critical work and Freud's psychoanalytic writing both emphasize the mythical and unconscious dimensions of fascist politics Finchelstein considers their ideas of the self-violence and the sacred as well as the relationship between the victims of fascist violence and the ideological myths of its perpetrators He draws on Freud and Borges to analyze the work of a variety of Latin American and European fascist intellectuals with particular attention to Schmitt's political theology Contrasting their approaches to the logic of unreason Finchelstein probes the limits of the dichotomy between myth and reason and shows the centrality of this opposition to understanding the ideology of fascism At a moment when forces redolent of fascism cast a shadow over world affairs this book provides a timely historical and critical analysis of the dangers of myth in modern politics

The Palgrave Handbook of Popular Culture as Philosophy Dean A. Kowalski, Chris Lay, Kimberly S. Engels, 2024-04-30 Much philosophical work on pop culture apologises for its use using popular culture is a necessary evil something merely

useful for reaching the masses with important philosophical arguments But works of pop culture are important in their own right they shape worldviews inspire ideas change minds We wouldn't balk at a book dedicated to examining the philosophy of *The Great Gatsby* or *1984* why aren't *Star Trek* and *Superman* fair game as well After all when produced the former were considered pop culture just as much as the latter This will be the first major reference work to right that wrong gathering together entries on film television games graphic novels and comedy and officially recognizing the importance of the field It will be the go to resource for students and researchers in philosophy culture media and communications English and history and will act as a springboard to introduce the reader to the other key literature in the field

Mussolini's Fascist

Philosopher M. E. Moss, 2004 Giovanni Gentile was one of the most important and controversial thinkers of twentieth century Italy His philosophy and fascist ideas reflect the defining characteristics of the Italian romantic rebellion against European and English enlightenment thinking The Ariadne's thread which runs through and unifies all of Gentile's thought originates accordingly from his neo Hegelian reaction to the philosophy of Kant and of Kant's immediate predecessors The range of Gentile's ideas on pedagogy logic metaphysics political theory and aesthetics the original way in which he developed and adapted the thoughts of Hegel Fichte and Marx and finally his description of himself as the philosopher of fascism all encourage us to revisit and re evaluate his system This book reveals how Gentile came to advocate his actual idealism and evaluates his systematic philosophy by making explicit inconsistencies that arise from within his system and by questioning his idealist assumptions

Alternative für Deutschland: The AfD Thomas Klikauer, 2020-02-21 Right wing populism has been on the rise in Europe and elsewhere Germany's foremost populist party is called Alternative for Germany AfD Founded in 2013 and entering Germany's federal parliament in 2017 the AfD increasingly moved towards right wing extremism Today the party is Germany's most successful nationalistic party Following the populist playbook the AfD started off with a simple neoliberal and anti Europe message but soon moved towards the extreme right By 2017 the AfD's ultra nationalistic wing had successfully outmanoeuvred the party's moderate and neoliberal leader Frauke Petry Written from the standpoint of openness pluralism liberalism and democracy this book examines the AfD's rise to fame its successes and the party's ideological links dating back to German Nazism of the 1930s The author illuminates the party's ideological and institutional links to present day Neo Nazis its close associations to the right wing street movement Pegida the recruitment of right wing extremists and former Neo Nazis into its parliamentary ranks its xenophobic anti Muslim racist and anti Semitic ideologies and its relationship to the neo fascist Identity Movement A historical overview positions the AfD within Germany's political landscape The work engages with the

make up of AfD voters and electoral successes the party's relationship to anti-Semitism and its dreams of re-establishing a mythical Aryan Volksgemeinschaft. Close attention is paid to the AfD's demagogic and nationalistic leader Bjoern Hoecke as well as the party's admiration for the radical right of neighbouring Austria. A final chapter examines the fascist character of the AfD as measured against Umberto Eco's fourteen elements of Ur-Fascism. Three questions are posed: Will the AfD lead to the end of German democracy? Is Germany moving towards another Third Reich? Is there another Hitler in the making?

Thinking Fascism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Thinking Fascism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Thinking Fascism has opened up a world of possibilities. Downloading Thinking Fascism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Thinking Fascism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Thinking Fascism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Thinking Fascism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Thinking Fascism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Thinking Fascism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
