Microcomputers for Teachers Donald L. Zalewski, 1982 Assists in the Education of Preservice Inservice Teachers Other Educators Who Are Involved with Microcomputers in the Classroom

Using Microcomputers in the Social Studies Classroom Robert B. Abelson, 1983 The purpose of this book is to help teachers feel at ease with microcomputers so that they will begin to think of computers as tools that they themselves might use There are four chapters The first chapter provides basic information to help a user understand the computer Discussed are how the computer is put together and how it works To help teachers generate ideas about how this new educational aid might be useful in terms of their own teaching objectives the second chapter describes why and how other educators are using the computer Chapter 3 is an introduction to software evaluation i e how computer programs that are available for use in the classroom can be judged Criteria are presented It is suggested that teachers using computer assisted instruction should have a feel for some of the broader issues related to computers in education as well as practical knowledge The purpose of the fourth chapter which deals with social and educational issues and directions is to provide a perspective about these broader issues and a context into which teachers might place their own activities Most of the book's readings provide a bibliography of references and further resources In addition a list of resources available through the ERIC system is provided RM

Teaching Science Through Discovery Arthur A. Carin, 1985 The eighth edition of *Teaching Science Through Discovery* has been extensively revised not only to
