State Of Exception

Karin Nielsen-Saines

State Of Exception:

States of Exception in American History Gary Gerstle, Joel Isaac, 2020-11-10 States of Exception in American History brings to light the remarkable number of instances since the Founding in which the protections of the Constitution have been overridden held in abeyance or deliberately weakened for certain members of the polity In the United States derogations from the rule of law seem to have been a feature of not a bug in the constitutional system The first comprehensive account of the politics of exceptions and emergencies in the history of the United States this book weaves together historical studies of moments and spaces of exception with conceptual analyses of emergency the state of exception sovereignty and dictatorship The Civil War the Great Depression and the Cold War figure prominently in the essays so do Francis Lieber Frederick Douglass John Dewey Clinton Rossiter and others who explored whether it was possible for the United States to survive states of emergency without losing its democratic way States of Exception combines political theory and the history of political thought with histories of race and political institutions It is both inspired by and illuminating of the American experience with constitutional rule in the age of terror and Trump *State of Exception* Giorgio Agamben, 2005 A noted Italian philosopher examines emergency measures such as the Bush administration s indefinite detention of suspected terrorists arguing that such policies rather than being pragmatic and temporary necessities has become a customary method of governments seeking to circumvent the rule of law and has the dangerous potential of transforming democracies into dictatorships

The Exceptionalist State and the State of Exception William V. Spanos, 2011-02-15 Critics predominantly view Herman Melville s Billy Budd Sailor as a testament of acceptance the work of a man who had become politically conservative in his last years William V Spanos disagrees arguing that the novella was not only a politically radical critique of American exceptionalism but also an eerie preview of the state of exception employed most recently by the George W Bush administration in the post 9 11 War on Terror While Billy Budd Sailor is ostensibly about the Napoleonic Wars Spanos contends that it is at heart a cautionary tale addressed to the American public as the country prepared to extend its westward expansion into the Pacific Ocean by way of establishing a global imperial navy Through a close symptomatic reading of Melville s text Spanos rescues from critical oblivion the pervasive dense and decisive details that disclose the consequences of normalizing the state of exception namely the transformation of the criminal into the policeman Claggart and of the political human being into the disposable reserve that can be killed with impunity Billy Budd What this shows Spanos demonstrates is that Melville s uncanny attunement to the dark side of the American exceptionalism myth enabled him to foresee its threat to the very core of democracy in the twentieth and twenty first centuries This view Spanos believes anticipates the state of exception theory that has emerged in the recent work of Giorgio Agamben Alain Badiou Judith Butler and Jacques Ranciere among other critical theorists The Exceptionalist State and the State of Exception illustrates that Melville in his own time was aware of the negative consequences of the deeply inscribed exceptionalist American identity and

recognized the essential domestic and foreign policy issues that inform the country's national security program today

State of Exception Elena Bellina, Paola Bonifazio, 2009-03-26 In a globalized world exposed to ever more dramatic dangers the established legal order enters into crisis and the rhetoric of fear is deployed in order to legitimate states of exception Italian philosopher Giorgio Agamben has widely elaborated on the historical effects of the juridical concept of the state of exception recalling the definition formulated by German legal theorist Carl Schmitt The state of exception presents itself as an inherently elusive phenomenon a juridical no man's land where the law is suspended in order to be preserved The juridical tensions inherent in the state of exception necessitate a constant interplay of anomie and nomos an ongoing interaction between order and the suspension of order used to justify every conceivable abuse of power Such interplay epitomized by the aftermath of the 2001 terrorist attacks in the USA has become central to today's geopolitical scenario This book examines the implications of the state of exception on both a macro and micropolitical level strongly informed by Italy's long history of exceptional uses of power The book is divided into three parts The first part explores philosophical issues related to the history of the state of exception within the frame of juridical political and economical principles The second part focuses on Italian cultural and literary production during times of socio political crisis devoting special attention to the ways in which history may interact with its fictional representations The third section is devoted to the literary and cinematic representations of the biopolitical effects of the state of exception on Italian urban areas and the spectacularization of terrorism in Italian cinema

States of Exception Cosmin Cerel, Gian Giacomo Fusco, Simon Lavis, 2020-07-22 This book addresses the relevance of the state of exception for the analysis of law while reflecting on the deeper symbolic and jurisprudential significance of the coalescence between law and force The concept of the state of exception has become a central topos in political and legal philosophy as well as in critical theory The theoretical apparatus of the state of exception sharply captures the uneasy relationship between law life and politics in the contemporary global setting while also challenging the comforting narratives that uncritically connect democracy with the tradition of the rule of law Drawing on critical legal theory continental jurisprudence political philosophy and history this book explores the genealogy of the concept of the state of exception and reflects on its legal embodiment in past and present contexts including Weimar and Nazi Germany contemporary Europe and Turkey In doing so it explores the disruptive force of the exception for legal and political thought as it recuperates its contemporary critical potential The book will be of interest to students and scholars in the field of jurisprudence philosophy and critical legal theory

Permanent States of Emergency and the Rule of Law Alan Greene, 2018-04-05 Permanent States of Emergency and the Rule of Law explores the impact that oxymoronic permanent states of emergency have on the validity and effectiveness of constitutional norms and ultimately constituent power It challenges the idea that many constitutional orders are facing permanent states of emergency due to the objective nature of threats facing modern states today arguing instead that the nature of a threat depends upon the subjective

assessment of the decision maker In light of this it further argues that robust judicial scrutiny and review of these decisions is required to ensure that the temporariness of the emergency is a legal question and that the validity of constitutional norms is not undermined by their perpetual suspension It does this by way of a narrower conception of the rule of law than standard accounts in favour of judicial review of emergency powers in the literature which tend to be based on the normative value of human rights In so doing it seeks to refute the fundamental constitutional challenge posed by Carl Schmitt that all state power cannot be constrained by law

Reconceptualizing State of Exception Austin Sarat,2024-10-04 A glimpse into the complexities of governance during extraordinary times this collection contributes to a nuanced understanding and exploration of state of exception and emergency rule in the context of the Covid 19 pandemic *The Texas criminal reports* ,1908 A Digest of the Decisions of the Supreme Court of Arkansas from 1837 to 1917 Thomas Dwight Crawford,1917 *Constitutions of the Countries of the World* Albert P. Blaustein,Gisbert H. Flanz,2008 *Rule of Law in a State of Emergency* Subrata Roy Chowdhury,1989 SCOTT Copy 1 From the John Holmes Library Collection *Reports of Cases Argued and Decided in the Supreme Court of the State of Texas* Texas. Supreme Court,1887 *Reports of Cases Argued and Determined in the Supreme Court of the State of New York* New York (State). Supreme Court,1906 **Iran** Hamid Dabashi,2007 Iran A People Interrupted deals with current affairs and politics in the Middle East **Bulletin of the Pan American Union** ,1912 **Reports of Cases Determined by the Supreme Court of the State of Missouri** Missouri. Supreme Court,1918

State Of Exception: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. State Of Exception : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. State Of Exception : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. State Of Exception : Delia Owens' "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
