## Task Centred:

*The Task-centred Book* Peter Marsh, Mark Doel, 2005 Peter Marsh and Mark Doel's new book is a radical departure from traditional literature on social work methods. The main reference point is the voice of practitioners, service users and carers as researched and developed by the authors over twenty years. *Task-centred Social Work* Mark Doel, Peter Marsh, 1992. The theme of Task Centred Social Work is partnership exploring the principles on which task centred practice is based while offering clear and practical guidance for work whether with people who seek help with social problems or with those who are involuntary clients. The book describes in detail the sequence of work to help clients move from present problems to future goals. This is illustrated by a case study which runs through the chapters and uses an imaginative recording style. Checklists and bibliographies are also used to aid understanding. The authors respond to the model's critics and explore both the scope and the limitations of the task centred practice. Social Work Today, 1977. Social Service Teams Great Britain.
