Cases on Metaverse and Consumer Experiences Gonçalves Rodrigues, Maria Antónia, Carvalho, Maria Amélia, Monteiro Pratas, Joaquim Fernando, 2025-02-27

The metaverse represents a transformative shift in how individuals and businesses interact, blending physical and virtual realities to create immersive digital experiences. Its rapid evolution, driven by advancements in virtual reality, augmented reality, and extended reality, is reshaping industries such as education, healthcare, retail, and entertainment. With projections of significant market growth and increasing user adoption, the metaverse is redefining consumer behavior, business strategies, and economic models. As younger generations embrace virtual experiences and digital ownership, organizations must adapt to new forms of engagement and communication. Understanding the opportunities and challenges of this emerging digital landscape is essential for shaping its impact on society, commerce, and policymaking.

Cases on Metaverse and Consumer Experiences explores the use of the metaverse in companies' marketing practices. It examines the development of new businesses and the creation of consumer experiences using metaverse technology. This book covers topics such as ethics and law, machine learning, and patient care and is a useful resource for academicians, researchers, business and marketing professionals, technology developers, entrepreneurs, policymakers, and more.
