## **Spirit Himself:**

**The Spiritual Senses** Paul L. Gavrilyuk, Sarah Coakley, 2011-11-10 Is it possible to see hear touch smell and taste God How do we understand the biblical promise that the pure in heart will see God Christian thinkers as diverse as Origen of Alexandria Bonaventure Jonathan Edwards and Hans Urs von Balthasar have all approached these questions in distinctive ways by appealing to the concept of the spiritual senses In focusing on the Christian tradition of the spiritual senses this book discusses how these senses relate to the physical senses and the body and analyzes their relationship to mind heart emotions will desire and judgement The contributors illuminate the different ways in which classic Christian authors have treated this topic and indicate the epistemological and spiritual import of these understandings The concept of the spiritual senses is thereby importantly recovered for contemporary theological anthropology and philosophy of religion The Christian Doctrine of God, One Being Three Persons Thomas F. Torrance, 2016-01-28 Written by one of the twentieth century s foremost modern Trinitarian theologians The Christian Doctrine of God remains a classic ground work for scholars and students alike In the book Thomas F Torrance offers a detailed study of the most profound article of the Christian faith the Holy Trinity Torrance adopts a holistic approach when examining the inter relatedness of the three persons Father son and Holy Spirit and their dynamic Communion with the Being and Nature of God Combining immense academic range with his characteristically fresh theological perspectives Torrance builds a significant theological bridge between ancient and modern as well as between the Roman and Protestant theology he engages deeply with the Church Fathers and discusses the ontological nature of God Here Torrance conveys a simple message the doctrine of the Trinity is the doctrine of God This Cornerstones edition includes a new introduction written by Professor Paul D Molnar in which Molnar sets Torrance s classic work in its modern context and considers how it continues to influence the way we think about the Trinity today **Aquinas and Calvin on Romans** Charles Raith II, 2014-05 Aquinas and Calvin on Romans is a comparative analysis of John Calvin s and Thomas Aquinas s commentaries on Romans with a focus on our participation in God s work of salvation The study accomplishes two principle goals it demonstrates that Calvin s critiques of his scholastic opponents arising from his reading of Romans fail to find a target in Aquinas s interpretation while Calvin s principle positive assertions are upheld by Aquinas as well and it illustrates the nonparticipatory dimensions of Calvin s thought and how those dimensions create difficulties in his reading of Romans difficulties not found in Aquinas s more participatory reading Charles Raith further suggests how Calvin s interpretation especially on the topics of justification and merit should be augmented by Aquinas s thought Raith then rereads Calvin s criticisms of the Council of Trent in light of these suggestions **A New Literal Translation from the Original Greek, of All the Apostolical Epistles.
