## **Spiritual Knowledge:**

**The Octagon of Spiritual Balances** Pastor Bernard J. Weathers, 2016-11-21 The Octagon of Spiritual Balances was written and detailed for those who have been made aware of their salvation and are seeking the Christian way of life according to God's mandate as outlined in the Bible. The focus is on the origin, sequence, and balancing of the spiritual attributes: faith, knowledge, spiritual understanding, belief, trust, hope, love, obedience, peace, and joy. When these ten attributes are appropriated with the use of eight defined balances, a spiritual equilibrium is formed within the life of the believer. The purpose is to introduce and explain these spiritual attributes and their order of effective advent in the Christian life, instituting a spiritual foundation, awareness, and purpose in the believer, which in due course will create stability and harmony with God and life in the spirit. It enhances the believer's understanding of the work and will of God in their lives and empowers them to discern and receive what is of and from God as opposed to deceptive enticements. The believer will receive direction, purpose, spiritual clarity, and understanding, as well as a confirmed spiritual equilibrium for Christian living. The reward and end result from following Jesus will be illuminated so vividly in the spirit of the believing reader that the reality of eternity will displace the thoughts of temporal time.

**Spirituality in the Age of Corona** Vladimir Živković, The book talks about adapting to new conditions as a consequence of the creation of a new world order where spirituality is given a different importance. Knowledge about karma and God. It also points to the manipulation of the media through social networks, as well as the conveniences that the modern Internet provides us. Learn how to adapt your spirituality and your search for love and happiness.

**The Works of Thomas Goodwin ... With General Preface by John C. Miller ... and Memoir by Robert Halley** Thomas GOODWIN (D.D.), 1863

**Behavioral Health** Len Sperry, 2013-07-24 In this age of accountability and irrespective of whether they work in health care settings or conventional mental health settings, all therapists will be increasingly expected to provide effective psychosocial treatment to individuals and families who face comorbid medical conditions. Statistics show these conditions are daunting: 75 percent of adults over age 65 and 50 percent of Americans constantly experience chronic medical symptoms, and prevalence rates of chronic medical conditions are more than three times higher than mental illness. While it can be helpful to conceptualize treatment in terms of individual dynamics and utilize cognitive behavioral strategies, it can be much more effective to conceptualize family as well as individual dynamics and to utilize systemic interventions when indicated. **Effective Treatment of Individuals and Families Facing Medical Conditions** addresses the need for these types of interventions. It provides background information on 12 common medical conditions and includes discussions of family dynamics as well as medical and psychosocial treatments. While recognizing the role of personality, culture, and illness dynamics, it emphasizes the centrality of family dynamics in conceptualizing and implementing interventions.
