Langer, 2018-10-09 What if the world was filled with ministers people who cared about the well being and wholeness of others To minister is to attend to the needs of others and there are many great people who have committed their lives to that mission but not everyone is able to dedicate themselves to becoming a professional minister Some choose to help others as a lay minister or non professional caregiver This text serves as a guide for training and support for people who want to become lay ministers or group facilitators of any spiritual tradition *Kaleidoscope* Ineda Pearl Adesanya, 2019-12-17 A comprehensive resource for understanding the various components of spiritual direction Early mystics of the Near East and northern Africa created the monastic traditions and were the first psychologists exploring various practices to test the human capacity In medieval times spiritual direction was common in the Roman Catholic monastic traditions It extended significantly into Protestant

Holy Listening Margaret Guenther,1992-01-25 Guenther uses the images of the spiritual director as host teacher and midwife to describe the ministry of spiritual direction today She pays particular attention to spiritual direction for women and addresses such down to earth questions as setting time and privacy The stories of real people bring the practice of spiritual direction alive In the pages that follow I will attempt to describe the shape that spiritual direction might take for people of our time aware that the subject is an elusive one I am speaking to the beginner those persons lay or ordained with or without formal theological training who find themselves drawn to this ministry Perhaps they feel the stirring of their own unacknowledged gifts Or perhaps they wonder about receiving direction whether it is a ministry available to ordinary people or reserved for the especially holy I hope some dark corners will be illuminated and some questions answered
