Britta von Zweigbergk

Yesterdays Britain:

Yesterday's Britain Dilwyn Porter, Reader's Digest Association, 1998 Yesterday's Britain takes your family on a fascinating journey back through time to discover the changing lives of the 20th century Throughout the book personal anecdotes experiences and eyewitness accounts bring the past vividly to life Yesterday's Britain, 1998 Despised Paul Embery, 2020-11-18 The typical contemporary Labour MP is almost certain to be a university educated Europhile who is more comfortable in the leafy enclaves of north London than the party's historic heartlands As a result Labour has become radically out of step with the culture and values of working class Britain Drawing on his background as a firefighter and trade unionist from Dagenham Paul Embery argues that this disconnect has been inevitable since the Left political establishment swallowed a poisonous brew of economic and social liberalism They have come to despise traditional working class values of patriotism family and faith and instead embraced globalisation rapid demographic change and a toxic divisive brand of identity politics Embery contends that the Left can only revive if it speaks once again to the priorities of working class people by combining socialist economics with the cultural politics of belonging place and community No one who wants to really understand why our politics has become so dysfunctional and what the Left can do to fix it can afford to miss this authentic insightful and passionate book *Tony's war* Britta von Zweigbergk, 2007 These British Isles of ours are populated by people who originate from throughout the world from North South East and West Individually or as family groups they will have come to start a new life to escape from persecution hunger or despair It is our strength because somehow we learn to adapt ourselves to meet our own and other's needs no matter how daunting they may be Tony and Nita Zweigbergk learned to do just that during their very different childhood and teenage years Then they met and fell in love Then along came World War II We are privileged to share these experiences plus by reading between the lines we are able to share the boredom depression comradeship fun fear and sorrow that became the life of those who lived on the edge of life and death to ensure our precious freedom **Remaking One Nation** Nick Timothy, 2020-03-23 In these divided and divisive times what is the future course for our politics In this ground breaking book Nick Timothy one of Britain's leading conservative thinkers and commentators explores the powerful forces driving great changes in our economy society and democracy Drawing on his experience at the top of government Timothy traces the crisis of Western democracy back to both the mistaken assumptions of philosophical liberalism and the rise of ideological ultra liberalism on left right and centre Sparing no sacred cows he proposes a new kind of conservatism that respects personal freedom but also demands solidarity He argues that only by rediscovering a unifying sense of the common good and restoring a mutual web of responsibilities between all citizens and institutions can we reject the extremes of economic and cultural liberalism overcome our divisions and remake one nation He goes on to outline an ambitious practical plan for change covering issues ranging from immigration to the regulation of Big Tech Nick Timothy's original forensic and thought provoking analysis is a must read for anybody tired by the old dogmas of

the liberal left right and centre It is a major contribution to the debate on the future of conservatism as it grapples with geopolitical shifts cultural change and economic uncertainty **The Aristocracy of Talent** Adrian Wooldridge,2021-07-13 The Times UK book of the year Meritocracy the idea that people should be advanced according to their talents rather than their birth While this initially seemed like a novel concept by the end of the twentieth century it had become the world's ruling ideology How did this happen and why is meritocracy now under attack from both right and left In *The Aristocracy of Talent* esteemed journalist and historian Adrian Wooldridge traces the history of meritocracy forged by the politicians and officials who introduced the revolutionary principle of open competition the psychologists who devised methods for measuring natural mental abilities and the educationalists who built ladders of educational opportunity He looks outside western cultures and shows what transformative effects it has had everywhere it has been adopted especially once women were brought into the meritocratic system Wooldridge also shows how meritocracy has now become corrupted and argues that the recent stalling of social mobility is the result of failure to complete the meritocratic revolution Rather than abandoning meritocracy he says we should call for its renewal *The Left Case for Brexit* Richard Tuck,2020-04-09 Liberal left orthodoxy holds that Brexit is a disastrous coup orchestrated by the hard right and fuelled by xenophobia which will break up the Union and turn what's left of Britain into a neoliberal dystopia Richard Tuck's ongoing commentary on the Brexit crisis demolishes this narrative He argues that by opposing Brexit and throwing its lot in with a liberal constitutional order tailor made for the interests of global capitalists the Left has made a major error It has tied itself into a framework designed to frustrate its own radical policies Brexit therefore actually represents a golden opportunity for socialists to implement the kind of economic agenda they have long since advocated Sadly however many of them have lost faith in the kind of popular revolution that the majoritarian British constitution is peculiarly well placed to deliver and have succumbed instead to defeatism and the cultural politics of virtue signalling Another approach is however still possible Combining brilliant contemporary political insights with a profound grasp of the ironies of modern history this book is essential for anyone who wants a clear sighted assessment of the momentous underlying issues brought to the surface by Brexit
