William Gladstone:

William Gladstone Roland Quinault, 2016-03-03 William Ewart Gladstone 1809-98 was the outstanding statesman of the Victorian age. He was an MP for over sixty years, a long-serving and exceptional Chancellor of the Exchequer and four times Prime Minister. As the leader of the Liberal party over three decades, he personified the values and policies of later Victorian Liberalism. Gladstone, however, was always more than just a politician. He was also a considerable scholar, a dedicated Churchman, and had a range of interests and connections that made him, in many respects, the quintessential Victorian. Yet important aspects of Gladstone's life have received relatively little recent attention from historians. This study reappraises Gladstone by focusing on five themes: his reputation; his representation in visual and material culture; his personal life; his role as an official; and the ethical and political basis of his international policies. This collection of original, often multidisciplinary studies provides new perspectives on Gladstone's public and private life. As such, it illustrates the many-sided nature of his career and the complexities of his personality.

Gladstone's Influence in America Stephen J. Peterson, 2018-10-02 By the end of the nineteenth century, William Gladstone was arguably the most popular statesman in America since Lincoln. How did a British prime minister achieve such fame in an era of troubled Anglo-American relations? And what do press reactions to Gladstone's policies and published writings reveal about American society? Tracing Gladstone's growing fame in the United States, beginning with his first term as prime minister in 1868 until his death in 1898, this volume focuses on periodicals of the era to illuminate how Americans responded to modern influences in religion and politics. His forays into religious controversy highlight the extent to which faith influenced the American cult of Gladstone. Coverage of Gladstone's involvement in issues such as church disestablishment, papal infallibility, Christian orthodoxy, atheism, and agnosticism, faith and science, and liberal theology reveal deepening religious and cultural rifts in American society. Gladstone's Influence in America offers the most comprehensive picture to date of the statesman's reputation in the United States.

Edmonton In Our Own Words Linda Goyette, Carolina Jakeway Roemmich, 2005-04-18 Linda Goyette and Carolina Roemmich have tapped Edmonton's collective memoir through the written record, the spoken stories, and the vast silences. All of the people who ever lived at this bend in the North Saskatchewan took part in creating the city we know as Edmonton. Through traditional Indigenous stories about the earliest travellers along the bend in the river, diaries, archival records, and letters of 19th-century inhabitants, and the recollections of living residents who talk about the emerging city, Edmonton's history is told using the words and stories of the people who have called this city home. Citizens with diverse viewpoints speak for themselves, describing important events in Edmonton's social, political, and economic development. Foreword by Keith Turnbull. The official publication of the City of Edmonton's Centennial. *Edmonton In Our Own Words* includes many never-seen-before photographs from private collections, historic maps, and a timeline of Edmonton's

history Imagine a conversation between Edmonton's past inhabitants and its living citizens What would we tell the rest of the world about our place on the map What stories would we tell with tears in our eyes or laughter or pride In Edmonton In Our Own Words experience the personal stories of eyewitnesses and descendants explaining arguing crying scolding laughing and interrupting one another in a city's evolving conversation with itself as Edmonton celebrates its past and future The authors tap Edmonton's collective memoir through written records and spoken stories All those who ever lived at this bend in the North Saskatchewan took part in creating the city we know as Edmonton Citizens with diverse viewpoints speak for themselves describing important events in the city's social political and economic development
