new maritime order in the region and present policy options that could contribute to erecting a solid maritime order in the region by peaceful and cooperative means Finally the author presents a compilation of relevant legal texts most of which were produced after the entry into force of the UN Convention in the hope that this collection will prove useful for desk officers in charge of ocean affairs in promoting peaceful and constructive solutions for maritime issues in Northeast Asia This work serves as a realistic analysis of the current law and State practice as well as of the progressive development of the law of the sea and its codification in the wake of the entry into force of the 1982 UN Convention
