Maguire, 2000 Red Virgin Soil is a detailed study of the eponymous journal that was the most significant Soviet literary journal of the 1920 s The journal published belles lettres theory and criticism and represented the first serious attempt in Russia in nearly half a century to shape an entire generation of writers readers and critics through the energy and authority of such a forum Maguire s work is also a survey of Soviet literary culture in that critical period between the end of the Civil War and the onslaught of the Stalinist era a period when writers could still engage in public debate about literature s role in the building of a revolutionary culture Book Jacket **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *A History of Russian Literature* Andrew Kahn, Mark Naumovich Lipovetkiĭ, Irina Reyfman, Stephanie Sandler, 2018 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This

volume delivers a fresh view on a series of key questions about Russia's literary history by providing new mappings of literary history and a narrative that pursues key concepts rather than individual authorial careers. This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures, historical events, and literary politics, literary theory, and literary innovation.

Soviet Literature in the Sixties Max Hayward, Edward L. Crowley, 2024-11-26. *Soviet Literature in the Sixties* 1965 examines the Soviet literary scene and its changes following the death of Stalin. Not least among these changes was the increasing freedom given to writers to protest against the injustices of Soviet life and to question the consistency of socialist realism.

Soviet Russian Literature in English George Gibian, Virginia Baeckler, 1967. The Routledge Companion to Russian Literature Neil Cornwell, 2001. An engaging and accessible guide to Russian writing of the past thousand years covering the entire span of Russian literature from the Middle Ages to the post-Soviet period and exploring all the forms that have made it so famous.

The Positive Hero in Russian Literature Rufus W. Mathewson, 2000. The positive hero was defined by the Soviets as one who set an example for the reader's behavior. As early as 1860 the merits of this ideal model were a central issue in the war between literary imagination and ideological criticism that raged in Russia for a hundred years. In *The Positive Hero in Russian Literature* Rufus W. Mathewson Jr. brings a period of Russian literature to life and demonstrates how the battles over the positive hero reappeared with dramatic clarity in the dissident literary movement that developed after Stalin's death. Mathewson argues that the true continuity between nineteenth and twentieth century Russian prose was to be found in this persistent conflict between contrary views of the real nature and proper uses of literature. This new edition of a widely acclaimed work first published in 1958 and covering literary developments through 1946 includes chapters on Belinsky, Pasternak, Solzhenitsyn, and Sinyavsky.

Russian Literature from Pushkin to the Present Day Richard Hare, 2021-06-15. This book first published in 1947 examines the truly vital and enduring qualities of the leading Russian writers as literature and as interesting documents of phases of Russian history. This is one of the most striking features of Russian literature since Pushkin: it treated artistically social and political issues that in the more prosperous and stable Western world were dealt with through journalism mainly. This book analyses Russian literature's propensity for providing reassurance and guidance to withstand the harsher elements of Russian society by examining some of its leading writers.

Literature and Revolution in Soviet Russia, 1917-62 Max Hayward, Leopold Labedz, 1963. **Through the Glass of Soviet Literature** Ernest Joseph Simmons, 1953.
