John Stephen Reshetar

Soviet Union Politics:

Soviet Politics Richard Sakwa, 1989 The first major new textbook to cover the rise of Mikhail Gorbachev Sakwa's *Soviet Politics* is both a comprehensive academic text and a guide for the inquiring layperson **The Soviet Political System**

Robert Conquest, 1968 *Ideology, Politics, and Government in the Soviet Union* John Alexander Armstrong, 1986 Using a social science approach the author presents the historical and ideological foundations of today's Soviet political system and provides a concise but thorough exposition of the Soviet political and legal institutions including the role of the Communist Party This fourth edition also addresses economic issues nationality problems and the interplay of domestic and international forces in Soviet foreign policy Originally published in 1962 by Frederick A Praeger Inc *Soviet Politics in Perspective*

Richard Sakwa, 1998 Thoroughly revised and updated this text offers a comprehensive and accessible exploration of the Soviet system from its rise in 1919 to the 1991 collapse **How the Soviet Union is Governed** Jerry F. Hough, Merle Fainsod, 1979 This is a new and thorough revision of a recognized classic whose first edition was hailed as the most authoritative account in English of the governing of the Soviet Union Now with historical material rearranged in chronological order and with seven new chapters covering most of the last fifteen years this edition brings the Soviet Union fully into the light of modern history and political science The purposes of Fainsod's earlier editions were threefold to explain the techniques used by the Bolsheviks and Stalin to gain control of the Russian political system to describe the methods they employed to maintain command and to speculate upon the likelihood of their continued control in the future This new edition increases very substantially the attention paid to another aspect of the political process how policy is formed how the Soviet Union is governed Whenever possible Mr Hough attempts to analyze the alignments and interrelationships between Soviet policy institutions Moreover he constantly moves beyond a description of these institutions to probe the way they work Two chapters are devoted to the questions of individual political participation Other chapters examine the internal organization of institutions and explore the ways in which the backgrounds of their officials influence their policy positions and alliances The picture that emerges is an unprecedented account of the distribution of power in the Soviet Union **Politics in the Soviet Union** Ian Derbyshire, 1987 **Politics in the USSR** Frederick Charles Barghoorn, Thomas F. Remington, 1986 **Politics and the Soviet Union** Mary McAuley, 1977 An introductory analysis of the political system in the USSR **The Government of the Soviet Union** Samuel N.
