California: Spanish Arcadia, by N.V. Sanchez John Russell McCarthy, 1929 **Sonidos Negros** K. Meira Goldberg, 2018-11-29 How is the politics of Blackness figured in the flamenco dancing body What does flamenco dance tell us about the construction of race in the Atlantic world *Sonidos Negros* traces how in the span between 1492 and 1933 the vanquished Moor became Black and how this figure enacted in terms of a minstrelized Gitano paradoxically came to represent Spain itself The imagined Gypsy about which flamenco imagery turns dances on a knife s edge delineating Christian and non Christian White and Black worlds This figure s subversive teetering undermines Spain s symbolic linkage of religion with race a prime weapon of conquest Flamenco s *Sonidos Negros* live in this precarious balance amid the purposeful confusion and ruckus cloaking embodied resistance the lament for what has been lost and the values and aspirations of those rendered imperceptible by enslavement and colonization **The Americana**, 1923 *The Spanish Pastoral Romances* Hugo Albert Rennert, 1892 **Thrown Among Strangers** Douglas Monroy, 1990 Every California schoolchild s first interaction with history begins with the missions and Indians It is the pastoralist image of course and it is a lasting one Children in elementary school hear how Father Serra and the priests brought civilization to the groveling lizard and acorn eating Indians of such communities as Yang na now Los Angeles So edified by history many of those children drag

their parents to as many missions as they can Then there is the other side of the missions one that a mural decorating a savings and loan office in the San Fernando Valley first showed to me as a child On it a kindly priest holds a large cross over a kneeling Indian For some reason though the padre apparently aims not to bless the Indian but rather to bludgeon him with the emblem of Christianity This portrait too clings to the memory capturing the critical view of the missionization of California s indigenous inhabitants I carried the two childhood images with me both when I went to libraries as I researched the missions and when I revisited several missions thirty years after those family trips In this work I proceed neither to debunk nor to reconcile these contrary notions of the missions and Indians but to present a new and I hope deeper understanding of the complex interaction of the two antithetical cultures

Topos in Utopia: A peregrination to early modern utopianism's space Sotirios Triantafyllos,2021-09-07 Topos in Utopia examines early modern literary utopias and intentional communities social and cultural conception of space Starting from Thomas More s seminal work published in 1516 and covering a period of three centuries until the emergence of Enlightenment s eudaimonia this work provides a thorough yet concise examination of the way space was imagined and utilised in the early modern visions of a better society Dealing with an aspect usually ignored by the scholars of early modern utopianism this book asks us to consider if utopias imaginary lands are based not only on abstract ideas but also on concrete spaces Shedding new light on a period where reformation zeal humanism s optimism colonialism s greed and a proto scientific discourse were combined to produce a series of alternative social and political paradigms this work transports us from the shores of America to the search for the Terra Australis Incognita and the desire to find a new and better world for us

The Melancholy Void Felipe Valencia,2021-07 Felipe Valencia examines the construction of lyric as a melancholy and masculinist discourse that sings of and perpetrates symbolic violence against the feminine and the female beloved in key texts of Spanish poetry from 1580 to 1620
