Play: Psychoanalytic Perspectives, Survival and Human Development Emilia Perroni, 2013-08-15 Is play only a children's activity How is the spontaneous play of adults expressed What is the difference between play and game What function does play have during war Play Psychoanalytic Perspectives Survival and Human Development explores the importance of play in the life of the individual and in society Most people associate psychoanalysis with hidden and negative instincts like sexuality and aggressiveness very seldom with positive urges like the importance of love and empathy and almost never with play Play which occupies a special place in our mental life is not merely a children's activity Both in children and adults the lack of play or the incapacity to play almost always has a traumatic cause this book also shows the crucial importance of play in relation to the survival in warfare and during traumatic times In this book Emilia Perroni argues that whether we regard play as a spontaneous creation or whether we see it as an enjoyable activity with defined rules a game that it is impossible to conceive human existence and civilization without it The papers collected in this book are the results of the research offered on the subject of play by several Israeli therapists from different psychoanalytic schools Freudian Jungian Kleinian Winnicottian and Self Psychology Other contributions are from Israeli researchers and academics from various fields such as literature music art theatre and cinema contemporary psychoanalysis and other disciplines Play Psychoanalytic Perspectives Survival and Human Development offers new ways to think about and understand play as a search for meaning and as a way of becoming oneself This book will be of interest to psychoanalysts researchers therapists parents teachers and students who are interested in the application of psychoanalytic theory to their fields including students of cultural studies art music philosophy Emilia Perroni is a clinical psychologist supervisor at the School of Psychoanalytic Psychotherapy at the University of Tel Aviv and the Bar Ilan University She has a private practice in Jerusalem and in Tel Aviv She is a member of the Israeli Association of Psychoanalytic Psychotherapy the Israeli Association of Psychotherapy she is an Associated Member of the Israeli Institute of Jungian Psychology and Research Fellow at the Van Leer Institute in Jerusalem

The Omega Point Mike Hockney, 2013-09-30 History's biggest lie is that there's one God and he created the universe out of nothing Nothing has done more damage to the human psyche than monotheism the doctrine of an all powerful Spy God the divine peeping Tom who sentences to hell anyone who doesn't slavishly obey him In fact the universe is a mathematical God factory and creates infinite Gods over eons of time The universe via dialectical ontological mathematics is converging on the perfect answer to everything the condition known as the Absolute or the Omega Point The universe travels mathematically from Alpha to Omega from perfect potential to perfect actualization The ancient secret society of the Illuminati has waged a war against Abrahamic monotheism and promoted the doctrine of becoming God Mathematics is the Philosopher's Stone that can transmute base metal ordinary humans into gold Gods You too can complete your cosmic journey across countless reincarnations Are you ready to become an Omega Human
