Raymond Radiguet

The Devil In The Flesh:

Devil in Flesh Raymond Radiguet,1959-10-01 The Devil in the Flesh one of the finest most delicate love stories ever written is set in Paris during the last year of the First World War The narrator a boy of 16 tells of his love affair with Martha Lacombe a young woman whose soldier husband is away at the front With an accuracy of insight that is almost ruthless he describes his conflicting emotions the pride of an adolescent on the verge of manhood and the pain of a child thrust too fast into maturity The liaison soon becomes a scandal and their friends horrified and incredulous refuse to accept what is happening even when the affair reaches its tragic climax

Cody Coffey,2009-11 I wrote this book because I feel there is a reason for all that is going on in the world a cauldron of misery suffering anguish and strife Everyone is caught up in it and those who feel they are not or feel they have an educated reason and philosophy for what they see are not seeing the bigger picture Most people come up with the biggest most elaborate questions and answers but most do not tap into another reason or meaning for what life is about and what is transpiring What if there is a very deeper meaning deeper purpose besides the basic fundamentals of life that we know of and our purpose here What if everything we say do and think about are just conforming to our own selfish reasons I am trying to put forth the argument of what the real reasons are The answers so many accept and try to figure out based on nothing else but the theoretical speculation and trial and error The most brilliant minds in the world the most compelling arguments explanations and theories have played and still play a major role into where we are where we are going and what we have reduced ourselves to While many may look to rationalize an incoherent world with rational thought many are ignoring what could be a devastating calamity taken place right under our noses Something so subtle that it is less resound then a feather hitting the ground half way around the world yet would have the impact to wipe out humanity or create hell on earth
