The Impossible Made Possible:

My Yes Is on the Table Jennifer Hand, 2022-04-05 Isn't it time you said yes to God? What's holding you back? The risk? The unknown? The unwillingness to shake up the comfortable status quo? Whatever it is, if you're not in God's best place, you're missing out on something great. The Lord is calling you into a Promised Land. But it's going to take some faith steps to get there. Jenn Hand wants you to be able to say to God, "My yes is on the table." Not halfheartedly. Not half the time. Not halfway there. Jenn wants you to go all in with God because God is all in for you. *My Yes Is on the Table* takes you into the story of the Israelites as they journeyed out of the wilderness and into the Holy Land that God had granted them. Each chapter will challenge you to move from a fear stop to a faith step. And once you've started taking those steps with God, there's no telling where you'll end up. For too long you've been paralyzed by fear of the future. You feel God calling. You want to go forward with His plans. Yet fear has stopped you from taking the leap. No more. Instead of letting fear stop you, short-let faith call you forward with newfound confidence and holy boldness. Put your yes on the table and watch God do more in your life than you could have ever imagined.

Between Philosophy and Theology Christophe Brabant, 2017-03-02 Long past the time when philosophers from different perspectives had joined the funeral procession that declared the death of God, a renewed interest has arisen in regard to the questions of God and religion in philosophy. The turn to secularization has produced its own opposing force. Although they declared themselves from the start as not being religious thinkers, such as Derrida, Vattimo, Žižek, and Badiou, have nonetheless maintained an interest in religion. This book brings some of these philosophical views together to present an overview of the philosophical scene in its dealings with religion but also to move beyond the outsider's perspective. Reflecting on these philosophical interpretations from a fundamental theological perspective, the authors discover in what way these interpretations can challenge an understanding of today's faith. Bringing together thinkers with an established reputation—Kearney, Caputo, Ward, Desmond, Hart, Armour—along with young scholars, this book challenges a range of perspectives by putting them in a new context.

Faith in the Enlightenment?, 2006-01-01 One of the urgent tasks of modern philosophy is to find a path between the rationalism of the Enlightenment and the relativism of postmodernism. Rationalism alone cannot suffice to solve today's problems, but neither can we dispense with reasonable critique. The task is to find ways to broaden the scope of rational thought without losing its critical power. The first part of this volume explores the ideas of Enlightenment philosophers and shows nuances often absent from the common view of the Enlightenment. The second part deals with some of the modern heirs of Enlightenment, such as Durkheim, Habermas, and Derrida. In the third part, this volume looks at alternatives to Enlightenment thought in West European, Russian, and Buddhist philosophy. Part four provides, over against the Enlightenment, a new starting point for the philosophy of religion in thinking about human beings, God, and the description of phenomena.
