**Privatization** Graeme Hodge, 2018-03-09 Contracting out public sector services and divesting public enterprises are reforms that have enjoyed widespread global popularity in recent years Better services lower prices and greater accountability are the promises made by politicians senior executives and investment companies when functions are moved from the public sector to private enterprise But in Privatization Graeme A Hodge challenges these

assumptions Through an examination of hundreds of international studies on the performance of privatization activities Hodge demonstrates that privatizing public services is often not the guaranteed panacea portrayed by its political supporters Importantly privatization activities can lead to modest gains but there are also winners and losers in this reform It therefore deserves far more care and balanced debate than it usually attracts

**Digital Media and Wireless Communications in Developing Nations** Megh R. Goyal, Emmanuel Eilu, 2019-09-16 Digital Media and Wireless Communication in Developing Nations Agriculture Education and the Economic Sector explores how digital media and wireless communication especially mobile phones and social media platforms offer concrete opportunities for developing countries to transform different sectors of their economies The volume focuses on the agricultural economic and education sectors The chapter authors mostly from Africa and India provide a wealth of information on recent innovations the opportunities they provide challenges faced and the direction of future research in digital media and wireless communication to leverage transformation in developing countries The volume provides important research on digital media and wireless communication within the context of developing countries that will be very useful for professionals from academia government agencies NGOs technologists entrepreneurs and investors and others

*Methods for Policy Research* Ann Majchrzak, 1984 The analysis of policies with a view to changing them is the subject of this book Written by an expert on policy research it shows ways of presenting alternatives to policy makers with the emphasis on communicating the value and applicability of the research that backs up the policy options The author employs a pragmatic approach that deals with real world issues and which presents the processes involved in a step by step manner

*Handbook of Implementation Science for Psychology in Education* Barbara Kelly, Daniel F. Perkins, 2012-08-20 This book aims to help policy makers stakeholders practitioners and teachers in psychology and education provide more effective interventions in educational contexts It responds to disappointment and global concern about the failure to implement psychological and other interventions successfully in real world contexts Often interventions carefully designed and trialed under controlled conditions prove unpredictable or ineffective in uncontrolled real life situations This book looks at why this is the case and pulls together evidence from a range of sources to create original frameworks and guidelines for effective implementation of interventions

**Sociological Bulletin**, 1989

**Sociological Methods & Research**, 1984 *Secondary Research* David W. Stewart, 1984-10 This volume focuses on the secondary research process to provide an introduction to locating using evaluating and integrating already published data with an emphasis on material that is useful for the most common applications With its sample exercises it is extremely practical providing a justification for cheap research research conducted without the need for new data collection

Elements of Research in Nursing Eleanor Mae Walters Treece, James William Treece, 1986 **On Time and Method** Janice Kelly, Joseph E. McGrath, 1988-06 It is an excellent short introduction to issues of time suitable for advanced undergraduate or graduate research methods course focusing on experimental and quasi experimental designs An

interesting introduction to the issues as seen by experimental social psychologists I d recommend the book to any sociologists struggling with time dependency issues Contemporary Sociology This slim volume is rich in ideas which can be employed to clarify implicit and explicit theorising about time in sociological research methods Similarly used creatively and imaginatively some of its considerations of experimental design and practice might be usefully transposed into the design and conduct of social surveys and field research The Journal of the British Sociological Association On Time and Method provides the first systematic detailed examination of the impact of time on research methods This original volume analyzes all the ways temporal factors can effect research results and interpretations and explains how research can be strengthened by paying attention to such factors This unique work first provides a theoretical base laying out the interplay of temporal issues on the strategic design and operational levels of research It then provides extended examples of the ways such factors operate in real world research and their consequences for such research programs It closes with a collection of proven techniques and approaches which researchers can use to remove reduce or compensate for temporal effects This cogent work provides valuable insights for all social scientists and is essential reading for students of research methods
