Fischer, 2001 Clothing is often an indication of an individual s status and gender By the early nineteenth century clear definitions had developed regarding how American women and men were supposed to appear in public and how they were meant to lead their lives As men s style of dress moved from the ornate to the moderate women s fashions continued to be decorative and physically restrictive This visible separation of the sexes was paralleled in other arenas social cultural and religions Some women defied this convention and cut their skirts short abandoned their corsets and put on trousers In *Pantaloon and Power* Gayle V Fisher shows how the reformers denouncement of conventional dress highlighted the role of clothing in the struggle of power relations between the sexes

Backwoods Utopias Arthur Bestor, 1971 Arthur Bestor shows the connection between the holy commonwealths of the colonial period and the nonsectarian experiments of the nineteenth century He examines in particular detail Robert Owen s ideals and problems in creating New Harmony **Heaven on Earth** Joshua Muravchik, 2019-04-02 Socialism was man s most ambitious attempt to supplant religion with a doctrine claiming to ground itself in science Each failure to create societies of abundance or give birth to the New Man inspired more searching for the path to the promised land revolution communes social democracy communism fascism Arab socialism African socialism None worked and some exacted a staggering human toll Then after two centuries of wishful thinking and bitter disappointment socialism imploded in a fin de siècle drama of falling walls and collapsing regimes It was an astonishing denouement but what followed was no less astonishing After the hiatus of a couple of decades new voices were raised as if innocent of all that had come before proposing to try it all over again Joshua Muravchik traces the pursuit of this phantasm presenting sketches of the thinkers and leaders who developed the theory led it to power and presided over its collapse as well as those who are trying to revive it today *Heaven on Earth* is a story filled with character and event while at the same time giving us an epic chronicle of a

movement that tried to turn the world upside down and for a time succeeded **Encyclopedia of American Social Movements** Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice New Harmony's First Utopians, 1814-1824 Donald E.
