The Politics Of Housework:

The Politics of Housework Pat Mainardi, 1970 *The Politics of Housework* Ellen Malos, 1980 **Édouard Vuillard, the Nabis, and the Politics of Domesticity** Francesca Berry, 2024-12-12

This ground breaking book is the first to address the feminine and feminist politics of Intimiste art a modernist mode of art making developed in the 1890s by douard Vuillard while associated with the Nabi brotherhood Coined by contemporary critics intimisme encapsulated the shared approach of these artists to depicting intimate settings and themes Vuillard s paintings which are typically small employ bold pigments and economic brushstrokes to depict female figures in tightly composed apartment interiors Those portrayed include his mother and sister just as wives and lovers dominate the art of other Nabis including Maurice Denis and Pierre Bonnard Francesca Berry comparatively analyses the gender politics of Nabi art to reveal real differences Through skilled visual interpretation she argues that Vuillard attempted a profound engagement with the material conditions of feminine domesticity in cooperation with his first and most sustained audience women He did so the author reveals in artworks that explore a complex range of feminine experiences such as sexual initiation stillbirth illicit work and unceasing housework The personal gender politics of Intimiste practice also are foregrounded Vuillard s studio bedroom afforded him access to quotidian femininity But at what risks to his sister s privacy and to his mother s subjectivity Making an artistic project of feminine domesticity also meant entering the field of politics The 1890s was the decade of state legislation and feminist demands with respect to work in the home and women s familial rights Personal in motif and Symbolist in form Berry s extensive historical research reveals these artworks also to have been social and political sometimes even feminist in meaning Transcending the structural repression of domesticity in histories of modernist art this book powerfully overturns residual myths of aesthetic introspection and social retreat that for too long have been attached to Nabi Symbolism

[The Women's Liberation Movement and the Politics of Class in Britain](#) George Stevenson, 2019-02-21

This is the first study of the British Women s Liberation Movement s relationship with class politics It explores the meaning of class to women s liberationists identities and activism both nationally and regionally using a previously neglected feminist cluster in North East England as a case study Stevenson demonstrates that British feminism was shaped fundamentally by its relationship to synthesis with and rejection of class politics Through these processes feminists recognised how post war changes in the economy and gender roles were reshaping class and the Women s Liberation Movement attempted to remake class politics in response However socio economic and cultural class differences between the women involved linked to occupation education and background remained intractable obstacles causing tensions within groups fragmentations into specific class based groups and the ultimate failure of the movement to coalesce into a coherent coalition with labour politics despite great levels of solidarity around particular struggles Examining regional feminism against the national backdrop [The Women's Liberation Movement and the Politics of Class in Britain](#) provides an engaging exploration of the fruitful but challenging relationship

between British feminism and class politics in a capitalist society *Women and Housework*, 2018 Description Includes The Politics of Housework by Pat Mainardi **The Politics of Home** Rosemary Marangoly George, 1996-08-08 The Politics of Home draws attention to the multiple relocations that take place in literatures in English in the twentieth century by examining the changing representation of home in such narratives Through an exploration of imperial fiction contemporary literary and cultural theory and postcolonial narratives on belonging Rosemary Marangoly George argues that complex literary allegiances are visible in textual reformulations of home and that George's concept of global English challenges the very logic of literary landscapes organised in accordance with national boundaries Reading Englishwomen's narration of their success in the empire against Conrad's account of colonial masculine failure Frederic Jameson alongside R K Narayan Anita Desai and other contemporary Indian writers with the British Romantic poets in mind Edward Said next to M G Vassanji and Jamacia Kincaid and Conrad through Naipual and Ishiguro The Politics of Home explores the privilege and pain underlying feeling at home in literature *Through Women's Eyes, Combined Version (Volumes 1 & 2)* Ellen Carol DuBois, Lynn Dumenil, 2009 This book perfectly fits the way I teach women's history Ruth Rosen University of California Berkeley **The Utne Reader**, 1990 The Perceptive I Edmund J. Farrell, James Edwin Miller, 1997 **Housework and the Politics of Women's Liberation** Ellen Malos., 1978* The Marriage and Family Experience Bryan Strong, 1983 THE MARRIAGE AND FAMILY EXPERIENCE is an engaging student friendly four color Marriage and Family best seller The text's up to date material real life cross cultural examples and balanced presentation make it an accessible and compelling read for the Marriage and Family student It successfully bridges all elements of the course including intimate relationships family policy and family issues The combination of the strengths fosters consistent positive student reaction and feedback

Feminism and the Politics of Literary Reputation Charlotte Templin, 1995 A must read for anyone interested in how gender popularity and financial success affect an author's literary reputation Choice A pioneering book Templin demonstrates clearly that the literary canon is not only about what people like to read it concerns what ideas and values will prevail in the society at large Jay Parini author of *The Last Station* Templin raises important issues about the peculiar position of the woman writer in the popular imagination Nancy A Walker author of *Feminist Alternatives* **Catalog of the Tamiment Institute Library of New York University: Pamphlet catalogs** Tamiment Library, 1980 **Thinking Through the Past: Since 1865** John Hollitz, 1997 **The Past is Before Us** Sheila Rowbotham, 1989 **The Politics of Housework** Saskatchewan. Women's Division, 1978 **Seeing Nature Through Gender** Virginia Scharff, 2003

Environmental history has traditionally told the story of Man and Nature Scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender *Seeing Nature through Gender* here reintroduces gender as a meaningful category of analysis for environmental history showing how women's actions desires and choices have shaped the world and seeing men as gendered actors as well In thirteen essays that show how gendered

ideas have shaped the ways in which people have represented experienced and consumed their world Virginia Scharff and her coauthors explore interactions between gender and environment in history Ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on environmental politics and on the complex reciprocal relations among human bodies and changing landscapes They also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies Each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms Here are considerations of the ways we study sexuality among birds of William Byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities Some are playful as in a piece on the evolution of snow bunnies to shred betties Others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out Aiding and adding significantly to the enterprise of environmental history Seeing Nature through Gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we ve engraved on ourselves and on the planet

Thinking Through the Past: Since 1865 John Erwin Hollitz,2001

The Politics of Caring and the Welfare State Vappu Tyyskä,1995

The Gendered Society Michael S. Kimmel,2007 Thoroughly updated and revised the third edition of *The Gendered Society* explores current thinking about gender both inside academia and in our everyday lives Michael S Kimmel challenges the claim that gender is limited to women s experiences his compelling and balanced study of gender includes both masculine and feminine perspectives Part 1 examines the latest work in biology anthropology psychology and sociology Part 2 provides an original analysis of the gendered worlds of family education and work and Part 3 explores gender interactions including friendship and love sexuality and violence Kimmel makes three bold and persuasive statements about gender First he demonstrates that gender differences are often extremely exaggerated in fact he argues that men and women have much more in common than we think they do Kimmel also challenges the pop psychologists who suggest that gender difference is the cause of inequality between the sexes instead he reveals that the reverse is true gender inequality itself is the cause of the differences between men and women Finally he illustrates that gender is not merely an element of individual identity but a socially constructed institutional phenomenon A new chapter on media examines the portrayal of gender in one of the most powerful and provocative social institutions Of particular interest to students Kimmel s analysis of this dynamic image driven industry makes the study of gender relevant in an immediate and tangible way Essential reading for both students and scholars *The Gendered Society* is an authoritative incisive and lively statement about contemporary gender relations from one of the country s foremost thinkers on the subject Kimmel s companion text *The Gendered Society Reader* Third Edition OUP 2008
