*Prides of Sol* Rod Rogers,2013-11-16 The Grim War ends with what most considered a Pyrrhic victory Mankind has won five peaceful centuries to recover and rebuild and at the end of that time the human spirit burns bright and the Earth flourishes Humanity expected them and again the Oo ahan Hegemony approaches No longer in stealth no longer with covert agents and subterfuge This time it s a two pronged assault A renewed enemy within and a massive armada of invincible ships now assembling deep in space destination Sol Stanley Wozniak is head of state of the island nation of Avalon situated in the Cape Verde Islands Like the myth of old Avalon provides the spark of light to kindle the dawn of New Earth It leads humanity back from the brink and upward to the stars It provides the starships the FTL drive and the men and women to take the battle into space to meet the ancient enemy in defense of Earth with intent to destroy him and end the endless war Out of the Army and into the Navy Adela Simmons has become a flight officer of exceptional skill Small of stature and gutsy as hell An ace with an attitude This is her story a twisted path through perdition One that brings her face to face with the most powerful of the enemy takes her far from Earth and back to the ancient roots of humanity To a new world with a new future There s no looking back

**The ^APride of Havana** Roberto Gonzalez Echevarria,2001-05-24 From the first amateur leagues of the 1860s to the exploits of Livan and Orlando El Duque Hernandez here is the definitive history of baseball in Cuba Roberto Gonzalez Echevarria expertly traces the arc of the game intertwining its heroes and their stories with the politics music dance and literature of the Cuban people What emerges is more than a story of balls and strikes but a richly detailed history of Cuba told from the unique cultural perch of the baseball diamond Filling a void created by Cuba s rejection of bullfighting and Spanish hegemony baseball quickly became a crucial stitch in the complex social fabric of the island By the early 1940s Cuba had become major conduit in spreading the game throughout Latin America and a proving ground for some of the greatest talent in all of baseball where white major leaguers and Negro League players from the U S all competed on the same fields with the cream of Latin talent Indeed readers will be introduced to several black ballplayers of Afro Cuban descent who played in the Major Leagues before Jackie Robinson broke the color barrier once and for all Often dramatic and always culturally resonant Gonzalez Echevarria s narrative expertly lays open the paradox of fierce Cuban independence from the U S with Cuba s love for our national pastime It shows how Fidel Castro cannily associated himself with the sport for patriotic p r and reveals that his supposed baseball talent is purely mythical Based on extensive primary research and a wealth of interviews the colorful often dramatic anecdotes and stories in this distinguished book comprise the most comprehensive history of Cuban baseball yet published and ultimately adds a vital lost chapter to the history of baseball in the U S
