## **The Secrecy Of Initiates:**

**Why the Secrecy of Initiates?** Helena Petrovna Blavatsky, 2018-04-03 The first semi divine pure and spiritual Race of Humanity had the truths of God and lived up to them and their ideals They preserved them so long as there was hardly any evil and hence scarcely a possible abuse of that knowledge and those truths But evolution and the gradual fall into materiality is also one of the truths and also one of the laws of God And as mankind progressed and became with every generation more of the earth earthly the individuality of each temporary Ego began to assert itself It is personal selfishness that develops and urges man on to abuse of his knowledge and power And selfishness is a human building whose windows and doors are ever wide open for every kind of iniquity to enter into man s soul Few were the men during the early adolescence of mankind and fewer still are they now who feel disposed to put into practice Pope s forcible declaration that he would tear out his own heart if it had no better disposition than to love only himself and laugh at all his neighbours Hence the necessity of gradually taking away from man the divine knowledge and power which became with every new human cycle more dangerous as a double edged weapon whose evil side was ever threatening one s neighbour and whose power for good was lavished freely only upon self Those few elect whose inner natures had remained unaffected by their outward physical growth thus became in time the sole guardians of the mysteries revealed passing the knowledge to those most fit to receive it and keeping it inaccessible to others Reject this explanation from the Secret Teachings and the very name of Religion will become synonymous with deception and fraud

*The Secret Initiation of Jesus at Qumran* Robert Feather, 2005-07-28 An examination of the early mysterious Essene community at Qumran that links it with John the Baptist Jesus and the beginnings of Christianity Offers an eyewitness account of the final burial place of John the Baptist Makes the case that Christianity grew out of a form of monotheism first formulated by the Egyptian pharaoh Akhenaten Includes physical and photographic evidence never before published In his earlier book *The Mystery of the Copper Scroll of Qumran* Robert Feather analyzed the Dead Sea Scroll engraved on copper that is considered the work of the secretive devout Jewish sect known as the Essenes who lived at Qumran around the time of Jesus To continue his research into the Essene community s way of life and how its beliefs may have influenced the beginnings of Christianity he met with Father Jozef Milik one of the scholars who worked on deciphering the Dead Sea Scrolls in the 1950s Feather learned that during Milik s work somewhere near the Qumran ruins he had excavated a headless corpse that he believed to be that of John the Baptist Feather presents persuasive powerful evidence illustrating the strong link between the Qumran Essenes and New Testament teachings and showing that both John the Baptist and Jesus were intimately involved with this community at Qumran He further supports the claim that early Christians continued a belief system centered on a form of monotheism first formulated by the Egyptian pharaoh Akhenaten and uniquely espoused by the Essenes at Qumran

great measure will lie in the breadth of its treatment in its wealth of illustration and in the fact that it represents the result of  
personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to  
become assimilated with the superior race It has been the aim to picture all features of the Indian life and environment types  
of the young and the old with their habitations industries ceremonies games and everyday customs Though the treatment  
accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal a  
rehearsal of these wrongs does not properly find a place here General introduction     **The Encyclopaedia Britannica**
