The Secret Hunters:

The Secret Hunters Anthony Kemp,1988-01-01 The Secret Hunters Ranulph Fiennes,2001 In 1997 a journal is found in an all weather shelter in Antarctica Travelling back to England the finder reads an extraordinary story of deprivation war survival and the thirst for revenge It is the autobiography of Derek Jacobs who as a child was an inmate of the Nazi concentration camps where he saw his mother horrifically abused particularly by one man Unlike his mother he survives the camps and the death march to be brought up in Canada There as a young man forging a career in the environment movement he comes across the same man The meeting unblocks the suppressed memories of his childhood and Derek savours the heady flavour of revenge He is co opted by The Secret Hunters and with dogged patience they track their prey through a web of intermediaries discovering that he and his cohorts believe they can re establish the fascist state On a secret mission to mine valuable minerals in the Antarctic Derek confronts him The result is deadly but for which man *The Unsired* Lee Duke,2013-11-27 Throw away your crucifix for it will not protect you not in this chillingly original take on the vampire legend Its a tale of bloody revenge that will expose the modern day workings of the Vampire Clans and their constant war with those who would hunt them to extinction Its a story that explains away the myths handed down through centuries of ignorance that keeps us from believing the horrifying truth about the real vampires living among us today It is the winter of 1362 in what was then a small Lithuanian farming village on the edge of the Carpathian Mountains A man and a child lay dead their throats savagely ripped open and their bodies drained of blood The mans pregnant wife on hearing the news goes into premature labor giving birth to an underdeveloped baby boy The infant is not expected to live and the mother remains weak and sickly The attending midwives leave the two of them alone to share what precious moments they have left together The creature responsible for the attacks is an injured vampire being chased through the nearby forest by a band of determined Hunters In his need for blood to repair both the injuries and replenish his strength the vampire doubles back losing the Hunters in the process Reentering the village hidden from sight by the raging storm and the dark of night the vampire breaks into one of the small homes to feed upon the defenseless mother as she clutches her newborn baby protectively to her breast In the course of his savage feeding the vampire unknowingly allows some of his own blood and that of the mother to spill into the infants mouth The blood feeds and nurtures the dying infant turning him into something very very different This horrific act will set in motion a series of events that will leave a trail of death and destruction across seven centuries and three continents before it finally reaches the new lands of America One man not quite human or of the undead will stand between the two warring factions of Hunters and Vampires a saviour to some and a deadly enemy to others and this is his story Like Blade meets Bond directed by Tarantino *Secret Hunters a Pbp* Ranulph Fiennes,2002-04 *The Bee Hunters* Gustave Aimard,1865 Black Ops Tony Geraghty,2012-03-12 A hard hitting history of special forces operations over the past fifty years in the United States United Kingdom and Israel After eight challenging years in Afghanistan the new

sires,1903 **Churchill's German Special Forces** Paul Moorcraft,2023-02-22 The existence of German speaking units
fighting for the Allied cause during WW2 has remained largely a well kept secret But seventy five years on these units
contribution to victory needs to be fully acknowledged Prime Minister Winston Churchill had no qualms about using native
German speakers from Austria Poland Czechoslovakia and of course Germany itself The majority were Jews who had fled
persecution Two examples of these secret units were X Troop Commandos and the Special Interrogation Group The SIG men
deserve their legendary status They fought and often died wearing Wehrmacht uniform As this superbly researched book
reveals that after infiltrating Field Marshal Rommel s Afrika Korps one detachment even drew Nazi pay Inevitably once the
existence of SIG units became known their immediate execution on capture was ordered unless their temporary reprieve
would reveal intelligence under torture We learn how Churchill s initiative was copied by both the Americans and the
Russians Post war SIG and X Troop survivors joined British special forces or were used to hunt down Nazi war criminals All
this and more is covered in this ground breaking book by a writer who is both a leading historian and foreign correspondent
