The Way Of Passion:

The Way of Passion Andrew Harvey, 2000-12-28 A powerful interpretation of Rumi and his message of divine love and union The Way of Passion a penetrating antidote to today s spiritual crises presents Rumi s magnificent visions of spiritual surrender and mystical union

Way of Passion, The: A Celebration of Rumi Andrew Harvey, 2013-01-01 In this sublime book the minds of two mystics intermingle in a work of inspired vision and clarity Jalalud Din Rumi enlightened spiritualist poet of Sufism has been venerated by Moslems everywhere since his death in 1273 No other poet in history not even Shakespeare or Dante has made so exalted and comprehensive an impact on his own civilization and in the latter part of the twentieth century he has become for people of every race and creed the poet of the new mystical Renaissance that is slowly but surely coming to its flowering No one has done more than Andrew Harvey to spread popular awareness of Rumi s message Himself a charismatic mystic he has spent the last twenty years of his life in search of the essential truths that could transform the spiritual barrenness at the heart of modern Western civilization In his books Love s Fire The Way of Passion Inspired by Rumi s voice and by his own startling ability to see into the innermost heart of life Harvey urges us to change to have faith and to act through Love to transform this time of Apocalypse into the time of Resurrection The passion of his words shines from the pages with an intensity that can embrace and inspire us all

The Passion Paradox Brad Stulberg, Steve Magness, 2019-03-19 The coauthors of the bestselling Peak Performance dive into the fascinating science behind passion showing how it can lead to a rich and meaningful life while also illuminating the ways in which it is a double edged sword Here s how to cultivate a passion that will take you to great heights while minimizing the risk of an equally great fall Common advice is to find and follow your passion A life of passion is a good life or so we are told But it s not that simple Rarely is passion something that you just stumble upon and the same drive that fuels breakthroughs whether they re athletic scientific entrepreneurial or artistic can be every bit as destructive as it is productive Yes passion can be a wonderful gift but only if you know how to channel it If you re not careful passion can

become an awful curse leading to endless seeking suffering and burnout Brad Stulberg and Steve Magness once again team up this time to demystify passion showing readers how they can find and cultivate their passion sustainably harness its power and avoid its dangers They ultimately argue that passion and balance that other virtue touted by our culture are incompatible and that to find your passion you must lose balance And that s not always a bad thing They show readers how to develop the right kind of passion the kind that lets you achieve great things without ruining your life Swift compact and powerful this thought provoking book combines captivating stories of extraordinarily passionate individuals with the latest science on the biological and psychological factors that give rise to and every bit as important sustain passion

Fernández,2000-12-15 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Dami n Fern ndez characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fern ndez finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not
