The Weapon Makers:

The Weapon Makers Alfred Elton Van Vogt,1966 **The Weapon Makers** A. E. van Vogt,2021-08-20 The story of Captain Hedrock Earth's immortal man up against one force the outlawed Weapon Makers who could make that immortality end abruptly if they could but find him In the world of the Isher Empire a titanic struggle is taking place An interstellar drive has been perfected and the Empress Isher convinced that it will be ruinous to her government and that emigration to the stars will strip the solar system of its inhabitants is using all her power to suppress the invention The Weapon Makers a unique organization outlawed but maintaining its freedom by means of secret inventions is striving with equal determination to force the stellar drive into the open *The Weapon Makers* Alfred Elton Van Vogt,1979 Earth was divided between two powers the Empress Innelda's Imperial Isher Dynasty and the technologically superior Weapon Shops But the precarious balance of power was upset when the Dynasty discovered interstellar travel and interplanetary war seemed inevitable Now the fate of the entire galaxy was in the hands of Captain Robert Hedrock the Weapon Shops peacemaker to the Imperial Court But Hedrock had dangerous secrets of his own He was a spy for the Weapon Shops and an informant for the Dynasty and he was hunted as a traitor by both sides Back cover *The Weapon Makers* Alfred Elton Van Vogt,1954 **The Weapon Shops of Isher** Alfred Elton Van Vogt,1988 Operational Testing United States. Congress. Senate. Committee on Governmental Affairs. Subcommittee on Federal Services, Post Office, and Civil Service,1994 **The Sword Maker** Robert Barr,1910 **The Library of Original Sources: 1833-1865** Oliver Joseph Thatcher,1915 The Griffin Mage Rachel Neumeier,2011-11-16 The Griffin Mage trilogy now complete in one volume tells the story of the war between men and griffins and the young girl torn between two worlds who will decide the fate of all Little ever happens in the quiet villages of peaceful Feierabiand The course of Kes life seems set she'll grow up to be an herb woman and healer for the village of Minas Ford never quite fitting in but always more or less accepted And she's content with that path or she thinks she is Until the day the griffins come down from the mountains bringing with them the fiery wind of their desert and a desperate need for a healer But what the griffins need is a healer who is not quite human or a healer who can be made into something not quite human This omnibus edition contains the complete Griffin Mage trilogy Lord of the Changing Wind Land of the Burning Sands and Law of the Broken Earth **Syllabus Series** University of California (System),1927 **Twins and Recursion in Digital, Literary and Visual Cultures** Edward King,2022-04-07 The tale of twins being reunited after a long separation is a trope that has been endlessly repeated and reworked across different cultures and throughout history with each moment adapting the twin plot to address its current cultural tensions In this study Edward King demonstrates how twins are a means of exploring the social implications of hyper connectivity and the compromising relationship between humans and digital information their environment and their genetics As King demonstrates twins tell us about the changing forms of connectivity and power in contemporary culture and what new conceptions of the human they present us with

Taking account of a broad range of literary cultural and scientific practices Entwined Being probes discussions surrounding twins such as The way in which they appear in behavioral genetics as a way of identifying inherited predispositions to social media How their faces interrupt biometric interfaces such as facial recognition software and undermine advances in neo liberal surveillance systems How they represent the uncanny and the weird in the horror genre and how this questions ideologies of communications media and the connectivity it enables Their association with telepathy and cybernetics in science fiction Their construction as models for entangled being in ecological thought Drawing upon the literary and filmic works of Ken Follet Edgar Allan Poe H P Lovecraft Bruce Chatwin Shelley Jackson Brian de Palma Peter Greenway and David Cronenberg as well as science fiction literature and the television series Orphan Black King illuminates how twins are employed across a range of disciplines to envision a critical re conception of the human in times of digital integration and ecological crisis
