A Bibliography of Modern Arthuriana (1500-2000) Ann F. Howey, Stephen Ray Reimer, 2006 Annotated bibliography of the Arthurian legend in modern English language fiction not only in literary texts but in television music and art The legend of Arthur has been a source of fascination for writers and artists in English since the fifteenth century when Thomas Malory drew together for the first time in English a variety of Arthurian stories from a number of sources to form the Morte Darthur It increased in popularity during the Victorian era when after Tennyson's treatment of the legend not only authors and dramatists but painters musicians and film makers found a source of inspiration in the Arthurian material This interdisciplinary annotated bibliography lists the Arthurian legend in modern English language fiction from 1500 to 2000 including literary texts film television music visual art and games It will prove an invaluable source of reference for students of literary and visual arts general readers collectors librarians and cultural historians indeed by anyone interested in the history of the ways in which Camelot has figured in post medieval English speaking cultures ANN F HOWEY is Assistant Professor at Brock University Canada STEPHEN R REIMER is Associate Professor at the University of Alberta Canada

The Changes Trilogy Peter Dickinson, 2015-01-27 Three dystopian novels by an award winning author that imagine a world where humankind has suddenly and violently rejected modern technology Something has gone very wrong in England In a tunnel beneath Wales one man opens a crack in a mysterious stone wall and all over the island of Britain people react with horror to perfectly normal machines Abandoning their cars on the roads and destroying their own factories many flee the cities for the countryside where they return to farming and an old fashioned life When families are split apart and grown ups forget how they used to live young people face unexpected challenges Nicola Gore survives on her own for nineteen days before she's taken in by a Sikh family that still remembers how to farm and forge steel by hand Margaret and Jonathan brave the cold and risk terrible punishment in order to save a man's life and lift the fog of fear and hate that's smothering their village And Geoffrey and his little sister Sally escape to France only to be sent back to England on a vital mission to make

their way north to Wales alone and find the thing under the stones that shattered civilization the source of the Changes

Retelling Stories, Framing Culture John Stephens, Robyn McCallum, 2013-01-11 What happens to traditional stories when they are retold in another time and cultural context and for a different audience? This first of its kind study discusses Bible stories, classical myths, heroic legends, Arthurian romances, Robin Hood lore, folk tales, oriental tales, and other stories derived from European cultures. One chapter is devoted to various retellings of classics from Shakespeare to *Wind in the Willows*. The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society. An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society's central values and assumptions. However, the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric, androcentric, and class-based assumptions in the source stories that persist into retellings. Therefore, some stories such as classical myths are particularly resistant to feminist reinterpretations, for example, while other types such as folktales are more malleable. In examining such possibilities, the book evaluates the processes of interpretation apparent in retellings. Index included.

A Study of Merlin in English Literature from the Middle Ages to the Present Day Christopher Dean, 1992 This study traces the manner of Merlin's presentation in English fiction from the 12th century to the late 20th century. Unlike the speculative works that deal with Merlin's pre-historic origins, this study is based throughout entirely on the concrete evidence of verifiable texts. A fundamental thesis of the study is that the way Merlin is presented is largely determined by the mood and spirit of the times in which the different authors wrote. Attempts have been made therefore to make this link as consistently as possible. A bibliography which gives a comprehensive checklist of the works in English in which Merlin appears down to 1989 is also included.

Something about the Author Anne Commire, 1990-10 Series covers individuals ranging from established award winners to authors and illustrators who are just beginning their careers. Entries cover personal life, career writings, and works in progress, adaptations, additional sources, and photographs.

The Oxford Guide to Arthurian Literature and Legend Alan Lupack, 2007-04-26 The Oxford Guide to Arthurian Literature and Legend is both a critical history of the Arthurian tradition and a reference guide to Arthurian works, names, and symbols. It offers a comprehensive survey of the legends in all of their manifestations, from their origins to their adaptation in modern literature, arts, film, and popular culture. Not only does it analyse familiar Arthurian characters and themes, it also demonstrates the tremendous continuity of the legends by examining the ways that they have been reinterpreted over the years. This indispensable guide contains seven essays that trace the development of the Arthurian legend, encyclopedic entries, bibliographies, and a comprehensive index. The essays explore the chronicle and romance traditions, the influence of Malory, the Grail legend, the figures of Gawain and Merlin, and the story of Tristan and Isolde. The entries offer quick and easy
