## **The Winter Women:**

The Winter Women Mary-Rose Hayes, 1987      **Women's Work?** Joel Perlmann, Robert A. Margo, 2001-04-18 American schoolteaching is one of few occupations to have undergone a thorough gender shift yet previous explanations have neglected a key feature of the transition its regional character By the early 1800s far higher proportions of women were teaching in the Northeast than in the South and this regional difference was reproduced as settlers moved West before the Civil War What explains the creation of these divergent regional arrangements in the East their recreation in the West and their eventual disappearance by the next century In *Women's Work* the authors blend newly available quantitative evidence with historical narrative to show that distinctive regional school structures and related cultural patterns account for the initial regional difference while a growing recognition that women could handle the work after they temporarily replaced men during the Civil War helps explain this widespread shift to female teachers later in the century Yet despite this shift a significant gender gap in pay and positions remained This book offers an original and thought provoking account of a remarkable historical transition

**Hokkaido** Ann B. Irish, 2009-10-21 Japanese people have lived on the country's other three main islands Honshu Kyushu and Shikoku for many centuries but ethnic Japanese or Wajin began coming to Hokkaido in large numbers only in the latter half of the nineteenth century This book tells the story of Japan's aboriginal people the Ainu followed by that of foreign explorers and ethnic Japanese pioneers The book pays close attention to the Japanese Russian conflicts over the island including Cold War confrontations and more recent clashes over fishing rights and the Hokkaido administered islands seized by the U S S R in 1945

*Making Ends Meet* Charlotte van de Vorst, 2002-12-17 Based on hundreds of interviews with Manitoba farm men and women *Making Ends Meet* reconstructs the common history shared by modern farm women as well as by their mothers and grandmothers It explores women's changing roles on the farm from the early days of the Red River settlement to the twentieth century farm community The women's own stories reveal their ingenuity and tenacity in making ends meet through economies shared labour and generation of new resource income as varied as raising poultry and custom woodworking These stories prove that the contributions of farm women have been vital in establishing and maintaining the family farm and are critical to its continued survival
