**The World's Chess Championship, 1937** Alexander Alekhine, Max Euwe, 1938 *World Chess Championship 1937*  
Alexander Alekhine, Max Euwe, 1993 Undoubtedly one of the greatest chess players of all time Alexander Alekhine's play has influenced generations of players including that of the current World Champion Gary Kasparov In 1937 Alekhine faced one of the most difficult matches of his career to recover the title of World Champion from the Dutchman Max Euwe to whom he surprisingly lost it two years before This is Alekhine's own account of that match with game annotations from both combatants The World's Chess Championship, 1937. Official Account of the Games ... With Annotations by the Author and Dr. Max Euwe. Edited by H. Golombek, Etc. [With Portraits.]. Aleksandr Aleksandrovich ALEKHIN, Max Euwe, Harry Golombek, 1938 The World's Chess Championship 1937 Aleksandr Alechin, Max Euwe, 1973 Euwe - Alekhine Mikhail Botvinnik, 2019-10-09 The return match Alekhine Euwe was the most significant event in 1937 Both outstanding players were in excellent shape except for the unsuccessful game of Euwe at the finish Their games are a good material to study and first of all can bring invaluable benefits to all young chess players The match return of Alekhine Euwe is much more interesting than their first match in 1935 If in the first match Alekhine played several games roughly speaking adventurous then in this match he was playing in an actual style The same style in which he played in the 1927 match with Capablanca However even in this match he sometimes unreasonably complicated the position for example the fourteenth game it seems to me that this is due to different reasons no matter how strong a chess player is he can incorrectly assess the position When at the end of 1937 I commented on two games of rematch for the magazine Chess in the USSR I noticed that my comments differ from those previously published Moreover this is quite understandable comments can be unmistakable if the chess player does not write them in a hurry I concluded that it would be extremely useful to re-analyze all the games of the match despite the fact that they are well known to the Soviet reader I set myself the task of analyzing the games as deeply as possible so that the picture of the struggle was the most complete The readers with interest would re-examine the games It is not for me to judge how well this task has been accomplished In advance I must warn the reader that in some simple games I was not able to contribute anything substantial However in those games where the struggle was complicated here it seems I fulfilled my intentions satisfactorily Mikhail Botvinnik: Sixth World Chess Champion Isaak Linder, Vladimir Linder, 2020-03-11 The Patriarch of Soviet Chess From the mid 1930s to the early 1960s one man towered above all other chessplayers That was the sixth world chess champion Mikhail Botvinnik His calm deep analytical approach supplemented by careful attention to his mental and physical conditioning served him well throughout his career Now in the sixth volume of the World Chess Champions Series by Isaak and Vladimir Linder you will learn all about the chess advances and achievements of the Patriarch of Soviet chess about his life and scholarly pursuit and his contributions to the various phases of the game opening middlegame and endgame Botvinnik was no less influential when he assumed the role of teacher Graduates of his school

included such powerful players as Garry Kasparov Vladimir Kramnik Sergei Tiviakov and Alexei Shirov This book presents almost 150 of Botvinnik s best games and endings with fresh annotations by German grandmaster Karsten M ller along with crosstables and many archival photographs We invite you on journey to explore the life and games of one of the greatest and most influential world champions ever **Alexander Alekhine's Chess Games, 1902-1946** Leonard M. Skinner,Robert G.P. Verhoeven,2024-10-18 This is by far the most comprehensive accounting of the games of this brilliant chess player an exhaustive catalog the result of many years of digging an effort unparalleled in the history of chess game collections Many of the games are annotated by Alekhine and range from his earliest correspondence tournaments in 1902 through his final match with Francisco Lupi at Estoril Portugal in January 1946 *Bobby Fischer's Conquest of the World's Chess Championship* Reuben Fine,1973 *Chess Villain* Steve Rauls,2024-12-11 Starting his reign in 1927 Alexander Alekhine dominated the world of elite chess for more than a decade To this day he is the only world chess champion to die while holding the title On his way to the top Alekhine dodged artillery on World War I battlefields narrowly escaped a Bolshevik firing squad and negotiated with Nazis to escape occupied Paris He also earned a reputation as a grandmonster of chess arrogant amoral and alcoholic This book explores both the triumphs that established Alekhine as one of the most creative minds ever to storm the chess world and the tragic choices that ended his career and finally his life He is still one of the most controversial figures in chess history but competitive chess as we know it would not exist without him **Vera Menchik** Robert B. Tanner,2016-09-18 Not only was Vera Menchik the first woman in the history of chess to compete on an equal basis with the top male players she absolutely dominated women s chess during the last 17 years of her life Hers was a fascinating career as an independent professional in an era where this was rare for women in any endeavor In this book her games are brought to life utilizing her own annotations as well as the notes of her contemporaries including Capablanca Alekhine Fine and others All of her known games as well as samples of her writings on the subject of chess are included Beyond the technical aspect of her games a brief biography and eulogies by her friends and colleagues reveal her life as a player and as a human being Included are her comparisons of Russia where she was born and England where she resided as an adult her philosophy of life as well as her perspectives on chess in England and during World War II Above all a view is provided of the life of the chess professional during the golden age of Lasker Capablanca Alekhine and Euwe [The World Chess Championship](#) Israel Albert Horowitz,1973 *Library of Congress Catalogs* Library of Congress,1976 *Chess* ,1974
