helped over 40 developing sovereign states to adopt the Western liberal constitution for the aims of building peace preventing conflict and promoting good governance in these independent states This book scrutinizes UNCA and its off shoot UN International Territorial Administration ITA including their historical origins and revival from 1960 to 2019 Sripati argues that although the United Nations UN uses UNCA to help developing sovereign states secure debt relief it undertakes UNCA to modernize them with a view to strengthen their supposedly weakened sovereignty By doing so the UN is seeking these states adoption of a Western liberal style constitution thus violating their right to self determination The book shows how UNCA sires and guides UN legislative assistance in all state sectors security judicial electoral commercial parliamentary public administration and criminal Irrespective of UNCA s benevolent motivations such intrusive interventions impose the old forms of domination and perpetuate global inequality
