Wilkins Ghost:

Weird N.J. Mark Moran, Mark Sceurman, 2006 New Jersey is even WEIRDER than we thought From the authors of *Weird N J* with more than 125 000 copies sold comes a second amazing collection of the wonderful weirdness that fills every inch of the Garden State One of the bestselling books ever to hit New Jersey was Mark Sceurman and Mark Moran's *Weird N J* The book was such a phenomenon that it began a whole series of *Weird state* books each one a bestseller But the Marks as they are called always knew that there were more bizarre stories lurking in their own home state So back they went camera and notebook in hand to travel the highways and byways of New Jersey to chronicle more weirdly bizarre stories And what did they find How about the pathway of a doctor's office paved with tombstones Or a pumpkin shaped house Then there's the Hub Cap Tree the Birdsville Church yes a church for birds and the bowling ball pyramid that graces one proud resident's front lawn Fun too are the haunted houses to visit the ghosts to chat with and the cursed roads to travel down It's all part of the long strange trip known as *Weird N J*

Ghosts and Other Spirits of the Dead Ruth Owen, 2013-01-01 Could a spirit of the dead really come back to haunt the living If tales of ghosts are just fictional stories why do so many people report seeing these supernatural beings What would it be like to be the restless spirit of someone who has died and how can you tell if ghosts inhabit the house you live in In *Ghosts and Other Spirits of the Dead* children will read historical stories and modern day accounts of ghostly encounters Kids will get all the information they need to help them spot or sense the spirits of the dead and to protect themselves from being haunted by ghosts Children will also investigate the truth behind ghost stories by first exploring the fears and superstitions of different cultures that might explain the origins of the stories and then looking at the scientific facts that might explain the seemingly unexplainable If you love a spine chilling horror story but also want to investigate the truth behind these myths this is the book for you
