**Treasure in Heaven** Virgil Vogt,2007-02-01 Where is your treasure The scriptural teaching about money is clear radical and uncompromising and at odds with the practice of most people This presents an uncomfortable question do we change our lives in accordance with Scripture or do we change Scripture to fit our lives Virgil Vogt argues that we undermine Scripture's authority when we disregard its teaching about wealth or when we conclude that such teaching cannot be applied in a complex modern economy The Bible Vogt says is still the best guide to economic life Scripture teaches a consistent word about our possessions we are to use the things we have to gain eternal riches This teaching coupled with the principle of stewardship should govern our economic lives But it takes courage along with genuine faith and a single minded determination to live according to the Bible's standard in this area Treasure in Heaven offers a challenge for all Christians who want to bring their finances into line with God's Word

**The Dignity of Manual Labour** Zacharias Tanee Fomum,2015-04-20 God has given talents to human beings so that they can use them in the service of God of others and of personal service Everyone must discover their talent in order to use it to meet these needs These talents are received either at birth or by asking them of God in order to accomplish his work God will reward all those who have used their talents well because there is a danger of burying this talent or envying others and wanting to do like others These talents will only be truly useful to God and his service for those who have said goodbye to sin to the self life and to the love of the world To take advantage of all its potentials we need a radical consecration and total sanctification Read this book you could discover your talent maximize it and put it at the service of God and his work
