The Feminine Subject in Children's Literature Christine Wilkie-Stibbs,2013-12-16 This book builds upon and contributes to the growing academic interest in feminism within the field of children s literature studies Christie Wilkie Stibbs draws upon the work of Luce Irigaray Helene Cixous Julia Kristeva and Jacques Lacan in her analysis of particular children s literature texts to demonstrate how a feminist analysis opens up textual possibilities that may be applied to works of children s fiction in general extending the range of textual engagements in children s literature through the application of a new poststructural critical apparatus

Kant and Rational Psychology Corey W. Dyck,2014-03-20 Corey W Dyck presents a new account of Kant s criticism of the rational investigation of the soul in his monumental Critique of Pure Reason in light of its eighteenth century German context When characterizing the rational psychology that is Kant s target in the Paralogisms of Pure Reason chapter of the Critique commentators typically only refer to an approach to and an account of the soul found principally in the thought of Descartes and Leibniz But Dyck argues that to do so is to overlook the distinctive rational psychology developed by Christian Wolff which emphasized the empirical foundation of any rational cognition of the soul and which was widely influential among eighteenth century German philosophers including Kant In this book Dyck reveals how the received conception of the aim and results of Kant s Paralogisms must be revised in light of a proper understanding of the rational psychology that is the most proximate target of Kant s attack In particular he contends that Kant s criticism hinges upon exposing the illusory basis of the rational psychologist s claims inasmuch as he falls prey to the appearance of the soul as being given in inner experience Moreover Dyck demonstrates that significant light can be shed on Kant s discussion of the soul s substantiality simplicity personality and existence by considering the Paralogisms in this historical context
