The Inheritors:

The inheritors of the kingdom, discourses on St. Matthew v Joseph Duncan,1902 The Inheritors Jane Abbott,1953 The Inheritors John William Tebbel,1962 The Inheritor Théâtre de l' Aquarium,2024-11-15 The first English language translation of the 1968 activist play about inequality and access to education In The Inheritor surrealist imagery and experimental forms convey the radically different experience of two students the Inheritor and the Non Inheritor as they prepare for a high stakes exam Revealing a world of privilege where there is no such thing as luck the play features a beheaded knight a talking record player and a boisterous chorus of professors depicted as a flock of squawking birds Based on sociologists Pierre Bourdieu and Jean Claude Passeron s *The Inheritors French Students and Their Relations to Culture* the play was collectively created by Théâtre de l' Aquarium a company then composed entirely of students It proved a powerful success when it premiered in May 1968 amid student and worker protests in Paris and it continues to speak forcefully to education inequity on campuses across anglophone countries today Joseph Conrad Richard Curle,1914 The Heirs of the Prophet Liyakat N. Takim,2012-02-01 2007 CHOICE Outstanding Academic Title After the death of the Prophet Muhammad different religious factions within the Muslim community laid claim to the Prophet s legacy Drawing on research from Sunni and Shi ite literature Liyakat N Takim explores how these various groups including the caliphs scholars Sufi holy men and the Shi ite imams and their disciples competed to be the Prophetic heirs The book also illustrates how the tradition of the heirs of the Prophet was often a polemical tool used by its bearers to demand obedience and loyalty from the Muslim community by imposing an authoritative rendition of texts beliefs and religious practices Those who did not obey were marginalized and demonized While examining the competition for Muhammad s charismatic authority Takim investigates the Shi ite self understanding of authority and argues that this was an important factor in the formation of a distinct Shi ite leadership The Heirs of the Prophet also provides a new understanding of textual authority in Islam by examining authority construction and the struggle for legitimacy evidenced in Islamic biographical dictionaries *The Legal Culture and System of Taiwan* Chang-fa Lo,Changfa Luo,2006-01-01 With a special place among the world s important trading countries Taiwan presents the international practitioner with its own particular legal issues and problems Among the world s most many sourced legal systems the law of Taiwan sustains major elements from Chinese and Japanese sources as well as its own indigenous and traditional rules and strong influences from both civil and common law traditions This convenient guide written by a scholar practitioner who is both Dean of Law at the National Taiwan University and a panelist in the World Trade Organization s Dispute Settlement Body is an ideal introduction and practical handbook for anyone involved in a transaction that raises issues in Taiwanese law After detailed summaries of Taiwan s system of government its court system sources of law and administrative law and procedure the author covers practice and procedure in such fields of legal activity as the following contracts torts consumer protection property rights family law law of succession alternative dispute
